

## Four Benefits Counted By U. S. In Korea Truce

By JAMES MARLOW  
WASHINGTON (AP)—With a Korean truce apparently very close, what benefits did the United States get from three years of fighting?

At the moment these seem to be the positive benefits:

1. The Communists' first postwar aggression was stopped and the South Korean Republic was saved from them.
2. The United Nations met its first big challenge: could the members act together to stop aggression? They could and did.
3. The shock of the Korean invasion pushed the western world into a big rearmament and closer alliance, thus making it a tougher target for bigger attack later, if the Communists planned one.
4. Small countries, seeing the U. N. rush to Korea's rescue, were heartened to withstand any future pressures and threats from the Communists.

**Wasted Effort?**  
Summed up, this was the net effect of the four benefits:

The United States, because of its re-arming, is in better shape to handle Russia, if it has to, than it was before Korea. Communist expansion, for those three years at least, was stopped cold. The whole Korean War, because of future events, may turn out to have been wasted effort.

Why? Because Korea, through infiltration and subversion, may yet wind up in the Communist camp.

And China, with time to grow stronger economically and militarily after a truce, may be able to terrorize the rest of Asia into (Please Turn To Page 6, Col. 2)

## Livonia Holdup Suspects Held

LIVONIA (AP)—Two men were held for FBI questioning today in the daring \$27,411 holdup of the Livonia branch of the National Bank of Detroit Wednesday.

The bandits eluded a cordon of 40 police cars set up at roadblocks around the area moments after the robbery.

Meanwhile, state police said they were holding Albert Haddad, 24, at Frankfurt for questioning. Haddad is wanted in New York on an armed robbery charge.

Traverse City post troopers spotted Haddad in a car near Frankfurt Thursday after being tipped by New York authorities that he might be in the area. A search of his car yielded an automatic pistol.

However, Haddad said he had just driven from Chicago.

The other man was held at Solvan Lake, near Pontiac. He was identified as Nick Nicholas, 21, who claimed he is a gypsy and who refused to give his address. He had been arrested on a morals charge.

Police said Nicholas' description fitted one of the two bank robbers.

Detroit police released an ex-convict after arresting him Thursday for questioning. It was found he had been working at the time of the holdup.

## Big Fish Thrill

KETCHIKAN, Alaska (AP)—On his first trip to the North, J. W. Rich of Woolrich, Pa., got the fishing thrill of a lifetime.

A passenger liner waited in the harbor until he could land a 63-pound salmon while his fellow passengers cheered from the rail.

## Weather

Reported by U. S. Weather Bureau

UPPER MICHIGAN: Fair and not so cool tonight. Saturday partly cloudy and warmer with showers beginning in west portion.

ESCANABA AND VICINITY: Fair and not so cool tonight with low temperature about 55 degrees; Saturday partly cloudy with rising temperature and high near 75 degrees. East to southeast winds 8-16 mph tonight becoming southeast to south Saturday.

HAPPY PRINCESS — Princess Margaret, smiling and happy after learning that the government plans to change the British Regency Law, greets dignitaries with Mayor Alderman H. M. King, on her tour of Southampton. The change in law might open the way to the Princess' marriage to Capt. Peter Townsend, British air officer, who is divorced from his wife. (NEA Telephoto)

## Why Batory Captain Fleed Reds Kept Purging the Crew, But 100 Deserted in 6 Years

Capt. Jan Cwiklinski, master of the Polish liner Batory, on which Gerhart Eisler escaped from the United States, recently sought and obtained political asylum in Great Britain. This is the third of a series of articles by him on conditions under the Communist regime which caused him to walk off his ship at Newcastle-on-Tyne, where it was being overhauled.

By Capt. Jan Cwiklinski

LONDON.  
The Polish secret police and Communist party periodically purged the 365 officers and crew of my ship, the Batory, until the great majority of them, roughly 80 per cent, were replaced by card-carrying members of the party whom they thought could be trusted.

Our best and most experienced hands belonged to a generation which had come of age before the Communists seized power in Poland. That made them automatically suspects in Communist eyes and most were given their "diploma"—the ironic term which was used to describe a discharge from the merchant marine service.

Some of these old hands were arrested for reasons which we never knew. Others simply disappeared. Still others roamed about the country looking for different jobs so as to be able to keep alive.

The new hands, products of the new Communist regime, were inexperienced youngsters who had been turned into fanatics by the party machine. The main function of the party organization aboard the Batory was to maintain these youngsters at a high pitch of political fanaticism so that they would remain loyal to the regime.

## Pontiac Bandit Admits Stick-up

DETROIT (AP)—Mild-mannered Harold L. Mock not only robbed a bank of \$42,000 single-handedly says the FBI, but also stuck up a Pontiac loan company of \$624 and stole three cars in the last few months.

Mock, 32-year-old Pontiac surveyor's helper, pleaded guilty in Federal Court here Thursday to robbing the Auburn Heights branch of the Pontiac State Bank July 14.

F. D. McIntire, Detroit FBI chief, said Mock later confessed that he held up the Oakland County Loan Co. in Pontiac June 8.

One of the three cars Mock admitted taking, McIntire said, belonged to Dr. Robert Baker of Pontiac and an \$1,800 medical kit taken with the car was found in Mock's garage.

McIntire said Mock spent \$4,000 of the \$42,000 bank loot in stores in and around Pontiac, mostly paying off charge accounts and making additional purchases.

Mock was carrying \$32,000 when FBI agents nabbed him in New York a week ago. He had given another \$6,000 to his wife, saying he made it in an "oil land deal."

## First Money Measure Sent To White House

WASHINGTON (AP)—The fourth of the dozen regular money bills which provide funds to run the government in the year which started July 1 was sent to the White House by Congress today.

Senate approval, by voice vote, cleared a \$718,395,398 bill for the Agriculture Department. The amount is \$14,420,000 more than President Eisenhower asked, but \$31,456,000 less than ex-President Truman recommended.

## Tighter Tariff Bill Killed In House, 242-161

WASHINGTON (AP)—The House in a vote that split the Republicans down the middle, Thursday night killed a bill to increase tariff protection for American industry.

The 242-161 decision, a triumph for the freer trade policies of the Eisenhower administration, was won chiefly with Democratic votes.

The bill was sponsored by Rep. Richard M. Simpson (R-Pa.). It would have spelled out curbs on imports of foreign oil, lead, zinc and watches, and tended toward higher tariffs or import ceilings in scores of other fields.

### Imports Menace Jobs

The test came on a motion to kill the bill by sending it back to the House Ways and Means committee. Republicans divided 105-104 against the motion and thus against the administration position. GOP members voted that way only a few minutes after Republican Floor Leader Halleck of Indiana urged them to "stand by the administration . . . because it is the right and proper thing to do."

Democrats rolled up a 137-56 margin for the administration-backed motion to bury the proposal. The House's lone Independent, Rep. Reams of Ohio, voted to kill the bill.

Simpson and his supporters insisted more protection against a "flood of cheap foreign imports" was needed to restore the jobs of thousands of Americans already unemployed.

### Economic Ties Handy

They cited as industries in distress because of increasing foreign sales here: coal, independent oil firms, lead and zinc mines, watches, glass, pottery, motorcycles, wool, lumber, porcelain and others.

But foes of the bill said new curbs against foreign imports would do more than anything else to drive American allies into economic relations with Communists. And they noted that economic ties frequently lead to political and military ties.

The administration has argued that foreign countries need to sell more goods here — not less — to strengthen their economies and ease a critical free world shortage of American dollars.

## Eisenhower Wins Battle To Slash Air Force Budget

WASHINGTON (AP)—President Eisenhower and Secretary of Defense Wilson have won their long battle to cut funds and target goals of the Air Force.

Without a record vote, the Senate late Thursday shouted approval of a bill carrying \$34,434,140,500 to operate the defense establishment for the fiscal year which began July 1.

First, by a 55-38, roll call, the Senate rejected an effort by Sen. Maybank (D-SC) to give the Air Force an additional 400 million dollars to order 200 B47 jet bombers, capable of delivering atomic bombs.

### Ferguson Guides Bill

Republican lines held firm against the increase and they picked up 9 valuable Democratic votes to add to the 46 GOP ones. Voting for Maybank's amendment were 37 Democrats and 1 Independent.

Sen. Hayden (D-Ariz.) lost 48-41 in an effort to add about 50 million

## Showdown Near On Postal Rates

WASHINGTON (AP)—House leaders may try to force a showdown today or Friday on the Eisenhower administration's demand for higher postal rates.

Republican leader Halleck of Indiana told newsmen he hoped to get the controversial rate bill out of the Postoffice Committee in time for House consideration Monday.

Opponents of the proposed rate boosting bill are openly seeking to stall off action until Congress adjourns in a week or two.

Chairman Rees (R-Kan.) called night sessions in an effort to finish hearing witnesses waiting to protest the effect of higher postage costs on their businesses.

The bill, on President Eisenhower's "must" list, would hike postal rates 240 million dollars a year to ease a postoffice deficit running more than 500 millions. The largest share of the increase would be borne by first class and airmail users, who would pay a penny more for stamps.

# Potato Famine Fans East German Hunger

## Rhee Denounces Truce Terms As War Nears End In Korea

SEOUL, Friday (AP)—Sources here and in Washington reported Friday the Korean truce may be signed either Sunday or Monday, Korean date.

A usually reliable source close to the talks said here it probably would be Sunday.

In Washington, where officials said Gen. Mark W. Clark has received final authorization from President Eisenhower to sign for the United Nations, belief was expressed that the signing would be Monday.

By SAM SUMMERLIN

PANMUNJOM (AP)—South Korea's President Syngman Rhee today angrily denounced an armistice agreement which appeared all but signed and warned that some Allied promises to the Reds "cannot be allowed to happen."

## Emptied Tanker Burns At Docks

WILMINGTON, Del. (AP)—A sea-going tanker exploded and burned alongside a dock Thursday night and checkups today showed seven men missing, six of them crewmen from tugboats that were caught by the blast.

The 9,179-ton tanker Pan-Georgia was completing discharge of its 110,000 barrel cargo of fuel oil and high octane gasoline when flames spouted from one of the holds.

A complete check of the Pan-Georgia's crew list showed all but one man, Ray Ott, of Galveston, Tex., the second assistant engineer had been accounted for. Ship officers said he apparently drowned after leaping overboard to escape the flames.

In Philadelphia, the Curtis Bay Towing Co. reported that it had been unable to account for six crewmen aboard two tugs which were standing by the Pan-Georgia at the time the fire started. The company declined to name the missing men or give other information at this time.

The Pan-Georgia was damaged extensively.

## Rain In Maryland Worth 25 Million

BALTIMORE (AP)—Agricultural experts figure a soaking rain that fell Wednesday night and early Thursday was worth about 25 million dollars to Maryland corn farmers.

Spokesmen at the University of Maryland College of Agriculture said about half of the 469,000 acres of corn, worth from \$75 to \$125 an acre, would have been lost if the rain hadn't come along to break up a month-long drought.

## Bears Eat Up Three Murdered Hunters In Gaspe Peninsula

GASPE, Que. (AP)—Quebec police today sought the human killer of three Pennsylvania hunters whose fleshless, bear-gnawed bones have been found deep in the rugged, mountainous Gaspe Peninsula after a 3-week search.

"Murder, cold - blooded and planned" was the report Thursday night of the Quebec Attorney-General's Department after discovery of the chewed remains of the last two victims. Robbery was believed the motive, since no trace was found of \$700 in cash, two expensive rifles, binoculars and most of the equipment they were known to have carried.

The victims all from Hollidaysburg, Pa., went into the remote area 65 miles from here, without local guides on June 12 to shoot bears. They were Eugene H. Lindsey, 45, whose skeletal, skull-less remains were found last week; his son Richard, 17, and Fred Clair, 20.

The youths' bones were discovered Thursday at an abandoned logging camp four miles from another camp which had yielded the remains of the elder Lindsey. Both sites were criss-crossed by bear tracks. The bush country lies along an upper branch of the St. Jean River.

Only one skull was found. A medical expert said he believed bears could have eaten the two missing heads. Nearby was a white sweatshirt with the words "Hollidaysburg Tigers." A white sweater was stained with dried blood and with a small, circular hole, as it made by a bullet.

### Left Home June 5

Widely scattered about were human bones, bits of chewed clothing, a watch believed to have been young Lindsey's and other small possessions.

Searchers said none of the bones appeared to have been broken by human violence but all had been gnawed and dragged about, apparently by bears which followed up the murderer.

The hunters left their Pennsylvania home June 5, to be gone two weeks. Their relatives set up the alarm when no word was heard from them three weeks later.

**TODAY'S CHUCKLE**

Don't worry about your hair falling out. Think how bad it would be if it ached and you had to have it pulled.

Rhee's new threats brought no immediate reaction here as liaison officers put finishing touches on a truce. The full truce delegations were expected to be called together at any moment to set a signing date. It couldn't come this week.

**May Go On Alone**  
The liaison officers met for 2 hours, 48 minutes, then recessed without scheduling another session.

The South Korean President acknowledged that a truce was imminent and said he is anxious "not to follow a unilateral policy, if it can be avoided."

Rhee has threatened several times in the past to pull out of the U. N. Command and fight on alone. Rhee accused the Allies of giving the Communists pledges which "render impossible a fulfillment" of some of South Korea's basic understandings with the United States.

He said his agreement with U. S. Secretary of State Walter S. Robertson, President Eisenhower's truce envoy, provided:

1. " . . . that no troops from India or any other foreign nation will be landed in South Korea to guard prisoners of war."

**Wants U. S. Backing**  
Yet, said Rhee, "The Communists claim Gen. William K. Harrison has agreed that such troops will land in South Korea and that

they will be granted police protection by the U. N. forces. I can only say that the Korean people will not permit this to happen."

Rhee said that during his conferences with Robertson "I asked him, as a major basis for my reluctant agreement to postpone our plans for dealing with the enemy aggressors, to give me assurances that the United States would either jointly resume the fighting with us if the political conference failed or if this cannot be done, that it would back our efforts with moral and material support in addition to the proposed economic aid."

"I am sure he is doing all he can," Rhee said, "but while a truce seems imminent, I have had no word on this crucial matter."

2. " . . . that the United States will join with the Republic of Korea in setting a time limit to the political conference."

Yet, Rhee added, "It has been announced there is agreement that there will be no time limit on the armistice . . ."

3. " . . . that Korean prisoners who refuse repatriation shall be set free in South Korea and that the Chinese prisoners who refuse to return to communism shall be sent to a destination of their own choice."

Yet, Rhee said, "The so far uncontradicted report from Panmunjom directly states that this will not be done . . . This cannot be allowed to happen."

mean Communist leader who fled north in 1946; Justice Minister Lee Sung Yup, whose background was not available; and Ambassador to Russia Choo Yung Ha.

Korean sources said Kim was a "front" for the Russian-backed Korean Reds and that Hu Ka Wee was the real North Korean boss with strong Russian backing. Hu Ka Wee entered North Korea from Russia in 1945 with Russian Gen. T. F. Shtkov, Soviet member of the U. S.-Soviet Commission in Korea from 1945 to 1947. Gen. Shtkov reportedly left Hu Ka Wee in charge.

Moving up alongside Kim in the new order, Korean sources say, is Kim Too Bong, a Yenan-trained Korean who was chairman of the North Korean Peoples Supreme Committee. Other Yenan-trained Korean Communists recently an-

(Please Turn To Page 6, Col. 5)

## Lost Youngsters Found At Beach

DETROIT (AP)—A "camping" trip is over for Billy Sankewitz, 10, and his 7-year-old sister, Beverly, missing from their Warren township home since Sunday.

The blue-eyed youngsters were found Thursday night on Olson Beach at St. Clair Shores, dirty but happy, sitting at a picnic table munching hot dogs and drinking soda pop.

The children disappeared Sunday morning while on their way to church.

Knowing that Billy sometimes gets wanderlust and goes away from home for short periods, the parents, Mr. and Mrs. Robert J. Sankewitz, notified police, who also know the youngster's habit.

When the disappearance of the pair began to get a little lengthy, foul play was feared.

A Centerline woman reported yesterday afternoon that her daughter told of seeing two children, resembling a published picture, on Olson Beach Tuesday.

Papa Sankewitz, father of five other children, was off for the beach in a flash. And there he found them having a "picnic."

Billy said they had collected bottles on the beach and turned them in for money to buy food. He said they'd been "camping out" at the beach, not far from their home, since Sunday.

## Unrest Growing As Soviets Fail To Supply Food

By DON DOANE

BERLIN (AP)—A potato famine fanned the anger of hungry East Germans against Communist misrule today.

Failure of promised shipments from Russia and her satellites has forced the re-introduction of strict potato rationing, the West Berlin newspaper, Nacht-Deutsche, reported.

### Can't Eat Propaganda

This was an embarrassing new setback to the puppet East German government's attempt to overcome the passive resistance which continues to spread among its sullen workers.

Communist bosses fought this resistance with a frenzied mixture of new arrests, threats, promises, wage boosts, and propaganda claims of increasing food plenty.

But strikes and slowdowns continued. The hungry populace clamored for more food.

An American-backed food relief program and Moscow's efforts to block it were obviously increasing the unrest behind the Iron Curtain. Communist propagandists struck back furiously at U. S. High Commissioner James B. Conant's new appeal to the Russians "not to place any obstacles in the way" of distributing free American food.

### Border Curbs Expected

They branded as "spies and agents" East Germans who accepted Western relief. Despite confessed shortages of several basic foods, they bragged "we don't need American alms."

It looked increasingly as if Communist police were getting ready to slam down new border curbs to keep the gift food away from their people. This fear was evident on Conant's reply Thursday night to a protest by Soviet High Commissioner Vladimir Semenov against the relief program. There was no official reply to Conant, but the subsequent propaganda barrage in the Communist press

(Please Turn To Page 6, Col. 6)

## States Spending At Record Clip

CHICAGO (AP)—Your tax dollar may not go so far in state capitals these days, but it will go pretty fast.

States are spending money at a record clip.

Appropriations were made by legislatures in 44 states in the legislative season now at a virtual end. A survey by The Associated Press showed:

There were definite reductions in only four states.

Appropriations followed a rising trend in most of the other states, and reached new record highs in 32 of them.

The sums added up to one billion dollars or more in five states:

California had \$1,280,000,000 and New York showed \$1,088,946,000 for 1-year periods. Illinois \$1,591,320,000; Texas \$1,000,000,000; and Pennsylvania approximately \$1,400,000,000 for 2-year periods.

New York's total was \$19,906,610 under the record set last year.

The Massachusetts total was \$8,000,000 lower than in 1952, and it was the first slash in more than a dozen years.

Montana's general fund appropriations were cut about \$2,500,000, and they were down slightly in Utah.

Notes from capital correspondents indicated much of the increases is going for education.

## News Highlights

**AT JAMBOREE**—Scout O'Brien writes from Camp Groun, includes picture. Page 3.

**DEFERRED**—No action taken yet on street closing requests. Page 3.

**DRAFT CALLS**—Eight men ordered for induction Aug. 10. Page 2.

## Eight Ordered For Induction

Eight inductees and 22 pre-inductees will report at the Delta County Draft Board Office at 2 p. m. August 10 for induction and pre-induction examinations at Milwaukee on August 11. Clerk Mary Wagner announced today.

Those reporting for induction are: Escanaba—Lloyd Matthew Pirlot, Donald David Johnson, Richard Claude Lahay, Gerald Thomas Baker, Edward Alfred Bunno, John Henry Cloutier nad Harold William Dahn.

Gladstone—Keith H. Bergman. Leader of the August induction group is Richard Claude Lahay.

Those reporting for pre-induction are: Escanaba—Peter Martin, Brunette, 1218 Stephenson Ave.; Harold Paul Carlson, 920 S. 15th St.; Vearn Cass, 221 N. 9th St.; James Robert Dwyer, 308 S. 16th St.; Roger Charles Horchner, 312 S. 16th St.; Carl Kenneth Juhl, 3101 14th Ave. S.; Burt Arthur Krueger, 1914 5th Ave. S.; Don Charles Lavelle, 411 S. 11th St.; Conrad John Luecke, 814 S. 14th St.; Norman James Marenger, 202 Stephenson Ave.; Donald James Paulin, 224 N. 20th St.; and Richard Gini Polequin, 331 N. 12th St. (order mailed to Iron Mountain).

Gladstone—William Donald Baker, Rte. one; William James Cannon, 1516 Minnesota Ave.; Roger Leonard LaForest, Rte. one; and Thomas Daniel Wilfong, 1301 Dakota Ave.

Bark River—Nelson Arlen Johnson and Stanley Thomas Mazur, Rte. 2.

Cornell—William Harold Woodard.

Rapid River—William Maurice Anderson (order mailed to Harvey, Ill.).

Rock—Marcel Maurice Verbrigghe, Rte. one and Donald John Yeadon (order mailed to Marquette).

Thomas Daniel Wilfong was chosen as leader of the pre-induction group and Conrad John Luecke was chosen assistant leader of the August pre-inductees.

## Tree Spraying Contract Is Let

Contract for the spraying by airplane of approximately 1,000 acres of spittlebug-damaged pine in Rapid River District of the Hiawatha National Forest has been let to Air Agriculturalists of Hale's Corners, Wis., Paul St. Amant, assistant director of the United States Forest Service office in Escanaba, said this morning.

Spraying will begin next week, probably Monday or Tuesday depending on the weather, St. Amant said.

The successful bid was approximately \$800. Materials for spraying are provided by the Forest Service, St. Amant said.

The plane will be capable of hauling 200 gallons of spray material.

St. Amant said he did not know yet what airport the plane will fly from.

## Deadline Is July 28 In Farm Election

July 28 is the deadline for mailing Production and Marketing Administration farmer-committee election ballots to the county PMA office, located in the Escanaba Postoffice Building, Frank Brander, chairman of the county PMA committee, said.

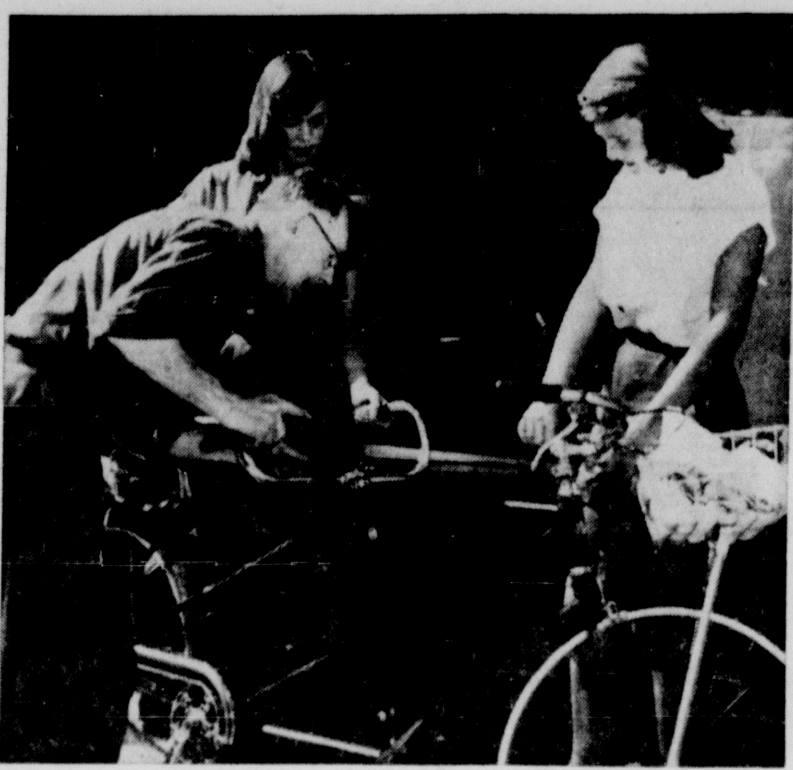

Brander advised that ballots have been mailed to all Delta County farmers who are known to be eligible to vote in these elections. To be counted, ballots must bear a postmark not later than July 28, 1953.

A farmer is generally eligible to vote if he is an owner, operator, tenant, or sharecropper of a farm and is participating in or carrying out practices in accord with programs administered by the PMA committees, Brander said. Farmers who are eligible but who have not yet received a ballot should notify the county PMA committee.

Ballots have been prepared and the voting will be for three farmers to serve as members of a community PMA committee, a delegate from each community to the county convention where the delegates will elect the county committee, and alternates.

Brander urged every eligible voter to get his ballot in the mail before the deadline and to vote for the farmers he thinks are most able and willing to take on the responsibilities of program administration in 1954. In the coming year, he pointed out, community committees will visit farms in their areas to help farmers develop their conservation program.

**Wells**  
Paul Terrian, son of Mr. and Mrs. Bernith Terrian of Wells, is recovering at his home from rheumatic fever.

**BICYCLE BUILT FOR TWO**—Tony Buesh, Manistique, acts the part of the Good Samaritan, above, as he adjusts and tightens handle bars and seat of a tandem bicycle for two Michigan State co-eds Wednesday. The girls are Jean Drevdahl, of Milan, and Mary Lonn Trapp, Beulah. (Linderth Photo)

## Co-eds Peddle Tandem Bicycle To Manistique

MANISTIQUE—Two Michigan State co-eds from the Lower Peninsula visited Manistique Wednesday on a tandem bicycle which they peddled from Beulah to Frankfort. The trip from Frankfort to Manistique was made via car ferry.

The girls were on a three-day trip into the Upper Peninsula.

They are Mary Lonn Trapp, 21, of Beulah, right, and Jean Drevdahl, 21, of Milan. Jean is the daughter of Mr. and Mrs. Lauritz Drevdahl, former Manistique residents. Prior to leaving eight years ago for Milan, Drevdahl was junior high school principal here. He is now superintendent of schools at Milan.

The girls left Beulah, where both are employed for the summer, at 5 a. m. July 20. They peddled to Frankfort and came across to Manistique on the Ann Arbor ferry, arriving Monday noon. Tuesday they went to Marquette via US-2 and US-41 and returned here Wednesday. They left on an Ann Arbor boat Wednesday night for Beulah.

"We took the trip on a dare—they told us in Beulah we couldn't make it," the girls said, adding that it was a "wonderful three days". The girls took one bad spill on the trip—near Rapid River Tuesday—when they took to the road shoulder as two heavy trucks were meeting. Their bike wheels went out of control and they were dumped to the ground along with their traveling equipment. Both girls incurred arm and knee bruises in the spill.

The girls will be seniors at Michigan State next fall.

Thursday, Aug. 20 is 4-H club day at the fair and special features of 4-H activities will be arranged for the occasion.

Members of the 4-H clubs from counties throughout the peninsula will attend the fair, sleep in the 4-H dormitories and eat in the 4-H dining hall on the fairgrounds. In addition, cattle entered by the 4-H club members will be displayed in a separate 4-H cattle barn. These buildings were erected on the grounds within recent years.

A major division in the 4-H department is the cattle program. Other features of the 4-H department are the boys' achievement booth contest and the girls' achievement booth contest. In these contests the 4-H members portray in posters and through other means the work of the 4-H clubs.

A 4-H club meeting demonstration is another of the features of this department.

In addition to the production of cattle, the 4-H clubs specialize in such enterprises as farm fire safety, handicraft, tractor maintenance, photography, clothing, knitting, food preservation, family living, school lunch preparation, flower gardens and numerous other worthwhile skills.

4-H stands for Head, Heart, Hands and Health and the 4-H emblem appropriately enough is the 4-leaf clover.

**Diamond In Gin**  
SAN JOSE, Calif. (AP)—Bartender Anthony di Napoli put his \$375 diamond ring in a glass of gin because he thought alcohol would make it sparkle.

Then he got busy. Came a customer who wanted a gin fizz. Di Napoli grabbed the nearest glass. The customer tossed it off, smacked his lips and departed.

The ring, of course, hasn't been seen since.

**Start the Day Right**  
...without After-Breakfast Slump

Why start the day feeling dull and lousy because of too much acid churning in your stomach? Just 1 or 2 Tums, eaten after breakfast will pull you out of that "after-breakfast slump"—put you back on top of the world again. Tums quickly neutralize excess acid. Contain no soda to over-alkalize or cause acid rebound. No mixing, no water needed. Just eat like candy. Always keep Tums handy for record-fast relief from acid stomach.

**TUMS**  
TUMS FOR THE TUMMY

**Wells**  
Paul Terrian, son of Mr. and Mrs. Bernith Terrian of Wells, is recovering at his home from rheumatic fever.

Girls born today can expect to live to be 70, boys 68.

## Delta County Youths To Attend Camp Shaw

At least 60 boys and girls from Delta County will be among the 400 selected members at the 34th annual Upper Peninsula 4-H Club encampment at Camp Shaw July 27, according to Fred Bernhardt, county 4-H agent.

Ben Westrate, Michigan State College district 4-H Club leader for the Upper Peninsula, said delegates from all 15 counties will represent the 5,400 active 4-H Club members in the area.

A balanced program of education, recreation and inspiration has been planned with special emphasis on agriculture and home economics. There will be tours of the Upper Peninsula Experiment Station under the direction of Charles J. Little, Michigan State College livestock extension specialist and Allan J. Norden, station agronomist.

**Special Classes**  
The delegates will learn of the latest poultry research and management and crops work from Norden. Charles Shick, specialist in game management, Michigan State College, and Roy E. Skog, Upper Peninsula extension forester, will handle the forestry and conservation program. The boys and girls will tour the college's woodlot and the other natural resources of the camp.

Special classes in good grooming, clothing and styling will be conducted by home economists. Mrs. Dorothy Hicks of Ironwood, field representative for a pattern company, will conduct a special class for two days.

Also scheduled during the week are the district elimination contests in judging, demonstrations, style revue, and achievement booths. Winners will enter competition at the State 4-H Show, Michigan State College.

There will be a special recognition to 15 older 4-H club members and local leaders at the annual banquet and candlelighting ceremony the last night at camp.

**Special Activities**  
There will be fun too, at Camp Shaw, promises 4-H Club leader Westrate. On the schedule are organized recreation, a camp chorus, square dancing, campfire programs, a share-the-fun festival and movies.

Camp Shaw is operated by the Michigan State College Extension Service. Located at the U. P. Ag-

ricultural Experiment Station of Michigan State, Chatham, the present camp was constructed in 1938 as a permanent 4-H Club site. It also is used for other educational programs and encampments during the summer months.

Delta County members will take an active part in the camp program. Club members listed for special activities are:

Everell Miron, Cornell, "My Trip to National 4-H Club Camp"

John Whybrew, North Delta, "My Trip to National 4-H Club Congress"

Patricia Hicks and Maureen Marsden, Ford River, and Donna Sundquist, Bark River, will compete in the talent contest.

Patricia Bolm, Bark River, will receive a United States Savings Bond as recognition of her leadership work.

Style Revue Contest—Everell Miron, Cornell; Carole LaMarche, Rte. 1, Escanaba; Lorraine LaMarche, Rte. 1, Escanaba; Joyce Winling, Rte. 1, Escanaba.

4-H Achievement Contest—Carole LaMarche, Rte. 1, Escanaba; John Whybrew, North Delta, Rte. 1, Gladstone.

State Service Club—Carole LaMarche, Rte. 1, Escanaba; George McFadden, Cornell.

Ten demonstration teams will enter the competition at camp and judging teams of three each in clothing, foods, canning, dairy, and gardening will compete for the Upper Peninsula honors.

Members attending camp from the county are:

Judy Aasen, Rte. 1, Rapid River; Delores Anderson, Rte. 1, Gladstone; Celestine Bigger, Perkins; Patricia Bolm, Rte. one, Bark River; Carol Borman, Rte. 1, Escanaba; Diane Dahlvik, Rte. 1, Escanaba; Beverly Dambrosio, 408 S. 16th St., Escanaba; Gaile Derouin, Rte. 1, Escanaba; Darlene

**Notice To The Electors Of Ensign Township**  
A meeting of the electors of Ensign Township will be held at the Stone Anderson School for the purpose of authorizing the sale of the Alton School under the provisions of the General School Laws of the State of Michigan, Part I, Chapter 5, Section 114, which provides for such authorization by a sixty per cent vote of the qualified school electors of the original school district whose property may be affected present and voting at a meeting called for that purpose.

Said meeting will be held on the night of Wednesday, August 5, at 8:00 p. m.

FRED AMES, Sec'y.

**Menominee Girl Is Stricken By Polio**  
A ten-year-old Menominee girl was stricken with polio Thursday and is in St. Joseph Lloyd Hospital in Menominee. Dr. William Harrison, health director of the Delta-Menominee District, said this morning.

The girl is Susan Gunderson, daughter of Perry Gunderson of 330 2nd St. There is "some involvement of the neck," Dr. Harrison said.

The rest of the family will be inoculated with gamma globulin. Dr. Harrison said. There are 10 in the household, not including parents.

The Upper Peninsula communicable disease report, just received from Lansing for the week ending July 17, showed seven new cases of polio in the U. P. for that week, Dr. Harrison said. There was one case in Luce

## Weather Skids To Low Of 45

The temperature in Escanaba dipped to 45 degrees shortly before sunrise this morning, a drop of 40 degrees, in temperature from the high of several days ago. Houghton reported 40 degrees and Sault Ste. Marie 43 degrees.

From Boney Falls the cooperative observer, Mr. McFadden, reported a temperature of 35 degrees this morning with a light frost.

A high temperature of 70 is expected today. Somewhat warmer weather is predicted for Saturday, with a high of about 75 degrees.

## Mel Jorgenson Is Subject Of Story In Kenosha Paper

Mel Jorgenson, 48, former Escanaba resident now living at Kenosha, Wis., and the son of Mrs. Ferdinand Jorgenson, 1306 2nd Ave. N., was the subject of a story which appeared in the Kenosha News on July 10.

The article told about Kenosha's Auxiliary police force—the "second team" of their local police department, of which Mel has the position of sergeant.

The auxiliary is an organization of hand-picked men whose character and records have been carefully investigated, and who are sufficiently skilled in public relations to merit the respect of all. Doctors, lawyers, teachers, factory workers, truck drivers, clerks and others are members of the 100-man civil defense unit.

Jorgenson and the other auxiliary members meet at the police station regularly for a 172 hour program which is prepared and taught by the police chief and safety director.

Having spent 13 years on the Detroit police force, Mel feels right at home riding in squad cars and wearing a police uniform. He worked as a motorcycle officer, radio squad officer and also spent two years on the cleanup detail in charge of elimination of vice and gambling in the Motor City.

In addition, he also spent eight months as a personal bodyguard for the Detroit prosecuting attorney after gangsters had threatened his life. The attorney was the man responsible for sending several members of the dreaded Purple gang to prison.

## Briefly Told

**Marriage License**—Robert G. Sauve, Escanaba Rte. 1, and Lily Ann Grenier, 222 S. 8th St., have applied for a marriage license at the office of the county clerk.

**Teamsters' Picnic**—The Teamsters' and Chauffeurs' Union, Local 328, will hold its annual picnic at Pioneer Trail Park, north side, Sunday July 26. Members and families are invited.

**Admits Theft**—An 11 year old boy was arrested Thursday afternoon and questioned about breaking into the concession stand at Memorial Field. The youth admitted the charge and implicated another boy about his own age. No charges have been preferred. The loot consisted of a few candy bars and packages of gum.

AT JAMBOREE—Boy Scouts Perry, Harrison and Hanrahan of Escanaba are pictured here at the National Jamboree in California. The apparatus shown in the picture is a lister bag, used to keep water cool. This picture was taken by Scout Tom O'Brien, of Gladstone Rte. 1.

## Scout Tells Of Trip To Jamboree Grounds

By SCOUT TOM O'BRIEN  
SCOUT JAMBOREE, Calif. — On the morning of July 11, 70 Scouts and leaders left the stations of the Upper Peninsula for the National Jamboree at Irvine Ranch.

After leaving Powers, the entire group of Upper Peninsula Boy Scouts were present. Upon arrival at Chicago, the group was taken on a six hour tour of the city. They visited the Museum of Science and Industry, Bronxville, Chinatown, Maxwell Street, Hobo Alley and Skid Row. The Chicago tour ended with supper at the North Western depot. After supper, the scouts boarded the

special train No. 702 which would take them to Los Angeles.

They arrived in Omaha, Neb. the next morning where they all attended church services. En route from Omaha to Cheyenne, Wyo., the scouts viewed corn and wheat growing in vast fields that stretched as far as the eye could see. At Cheyenne the Scout leaders arranged for a brief stop, and the Scouts had time to see a little of the city and buy souvenirs.

Salt Lake City, Utah was the next stop, and the boys were taken directly to Great Salt Lake, which is 27% salt water. The boys were all given bathing suits so they might have the opportunity of swimming in the lake. They had lunch at Pioneer Park and were taken on a general tour of the city immediately after. Several points of interest which they saw were the State Capitol, Brigham Young's home, Library Park, at one time the Young's farm, and Temple Square, the center of town.

High mountains and deserts made up the chief scenery on the train trip from Salt Lake City to Los Angeles, Calif. Upon arrival at Los Angeles, the Scouts were served lunch and put on busses for the 40 mile trip to the Jamboree grounds.

## Street Closing Action Delayed

The Escanaba Planning Commission last night referred to committees several items of business scheduled for action last night. They included the following:

Closing of 11th and 12th Avenues S., between 15th St. and the Escanaba Golf Club, and the closing of 17th St. between 11th and 12th Aves. S.

Closing an alley near the 1000 block of N. 16th St.

Relocation of the Park Road.

The commission seeks additional information before making recommendations in these cases.

The request of the Board of Education for the sale of city-owned land in 15th St. S., as a school site also was deferred by the commission. The commission requested the Board of Education to provide more detailed plans for the entire school construction program.

Additional information also was requested by the commission from Radio Station WDBC concerning its plans for expansion of its facilities at Sand Point.

## Banquet To End Institute Here

The State Bar of Michigan will conclude its legal institute here this evening with a banquet session at the House of Ludington. David C. Pence, State Bar president, will talk at the banquet program and Clair Hoehn of Gladstone will preside.

J. J. Herbert of Manistique who was scheduled to speak at the banquet session on the subject "The Country Lawyer", is unable to attend because of illness.

A business session of the 25th Judicial Circuit Bar Association is scheduled for 4:30 this afternoon.

Probate procedures occupied the attention of the attorneys at the afternoon session of the institute today.

## Obituary

**MRS. TELEPHORE GABOURIE**  
Funeral services for Mrs. Telephore Gabourie will be held at 9 a. m. Saturday at St. Thomas the Apostle Church. Burial will be in Gardens of Rest Cemetery. Friends of the family may call at the Alto Funeral Home beginning this afternoon. The parish rosary will be recited at 8 this evening.

## Mrs. Vachon Of Schaffer Dies

Mrs. Philip Vachon, 82, widely known resident of Schaffer, died at 8:30 p. m. Thursday at her home. She had been in failing health the past two years.

She was born, Clara Smith, March 22, 1871, in Manchester, N. H., and as a child moved with her family to Canada. In 1888 the family came to the United States and she had lived in Menominee and Delta counties since that time. Her home had been in Schaffer the past 37 years.

She and Mr. Vachon celebrated the 60th anniversary of their wedding which took place at St. Ann's Church in Menominee, at a family reunion April 25, 1952.

She was a member of Sacred Heart Church of Schaffer and also was active in St. Anne's Altar Society until her health failed.

Surviving are her husband, three sons, Harvey of Sunland, Calif., Jeffrey of Norway and Stanley of St. Ignace; one sister, Mrs. Fabian Delawelle of Escanaba; one brother, Edward Smith, Montreal, Canada; 14 grandchildren and one great grandchild.

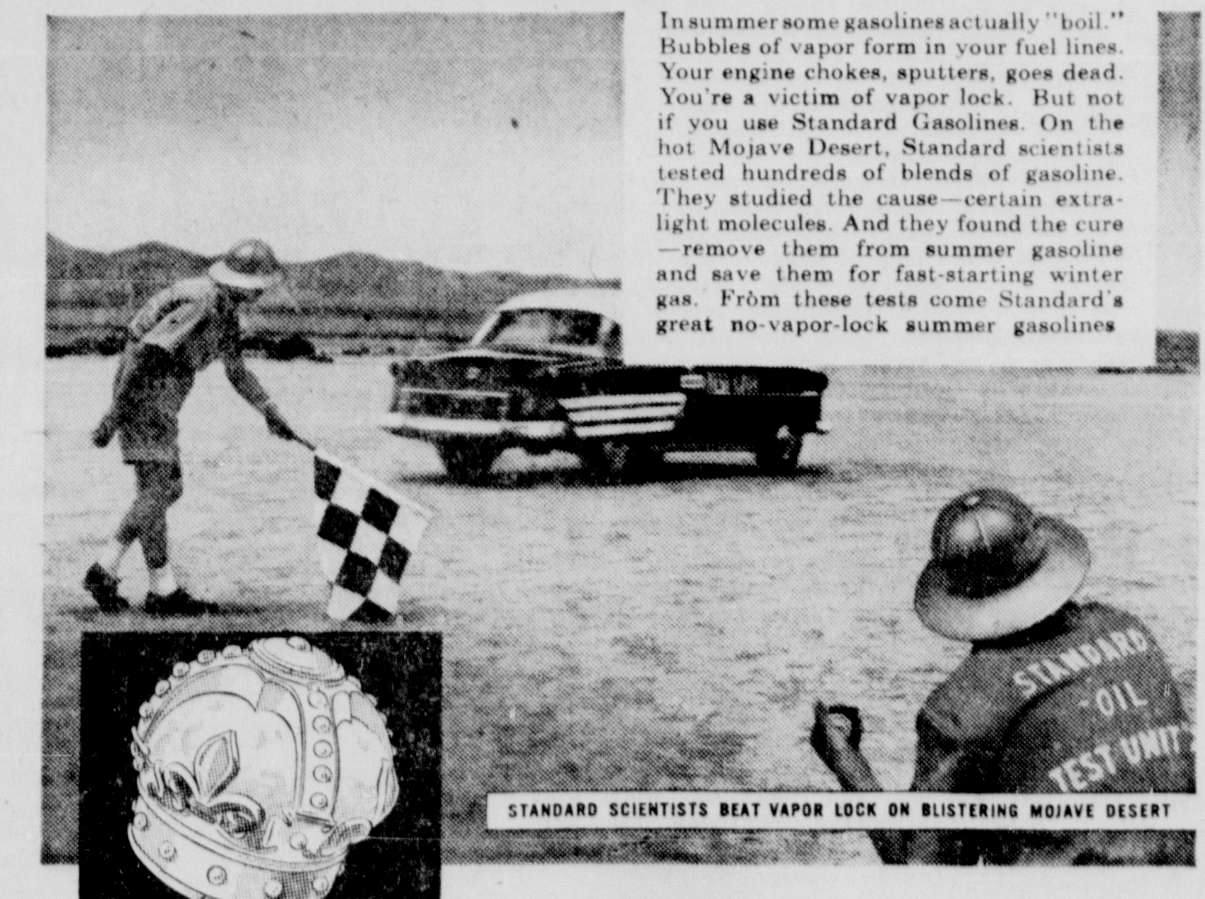

The body was taken to the Alto Funeral Home where friends may call beginning Saturday evening. Services will be held at 9:30 a. m. Monday at a solemn requiem high mass at Sacred Heart Church. Father Joseph Beauchene will be celebrant. Burial will be in Holy Cross Cemetery, Escanaba. The rosary will be recited at the funeral home at 8 p. m. Sunday.

**WATER SHADOWS**  
A shadow on water is visible only when there are enough suspended particles in the water to scatter the light before it has penetrated the surface very far. If the water is not too muddy, it may show some reflections as well as the surface shadow.

# Standard White Crown is desert tested to assure NO VAPOR LOCK!

In summer some gasolines actually "boil." Bubbles of vapor form in your fuel lines. Your engine chokes, sputters, goes dead. You're a victim of vapor lock. But not if you use Standard Gasolines. On the hot Mojave Desert, Standard scientists tested hundreds of blends of gasoline. They studied the cause—certain extralight molecules. And they found the cure—remove them from summer gasoline and save them for fast-starting winter gas. From these tests come Standard's great no-vapor-lock summer gasolines.

Now Standard's finest gasoline, WHITE CROWN Premium is improved again to bring you new trouble-free performance for all your summer driving.

Blistering desert tests now assure—NO VAPOR LOCK. This is just another step in a constant forward march of improvements that has brought you a gasoline in which catalytically-cracked molecules are perfectly blended and balanced to give you the best possible combination of pick-up, power, and mileage... on top of the highest octane rating in WHITE CROWN history. You get this carefully guarded quality wherever you are in the Midwest, served up to you by one of the finest service organizations in the country.

YOU EXPECT MORE FROM STANDARD... AND GET IT!

White Crown can't be beat in summer heat!

MRS. PHILIP VACHON

## Upper Michigan Briefs

**ISHPEMING**—The long-awaited National Ski Museum and Hall of Fame received the breath of life this week when a contract was signed giving the go-ahead signal on the project.

Ground is to be broken this week for the building, which will be constructed on the northeastern two lots of the 8th Addition.

After several years of fund collecting and other preliminary work, the museum committee decided the time was appropriate to construct the building. Plans call for completion in time for dedication at the national jumping championship in February.

**SAULT STE. MARIE**—Permission to the Al G. Kelly-Miller Bros. Circus to show in the Sault on Aug. 10, has been denied by the City Commission.

A letter from the organization, a wild animal circus, asked the permission. It stated that the circus showed in the Sault in 1947. The circus planned to show here without a sponsor.

Commissioners in turning down the request, said one circus and a carnival had already been in the city this year, and a rodeo was also due in August.

**MARQUETTE** — Representatives from Illinois, Michigan, Min-

nesota, New York, Ohio, Wisconsin and Ontario will meet at the University of Michigan biological station at Douglas Lake from July 29 to 31 for a conference on the Upper Great Lakes.

Fields of geology, fisheries, limnology and hydrology, and meteorology will be represented at the meeting, to be presented by the U-M Great Lakes Research Institute in cooperation with the summer session.

Conference aim is a view of the present status and future objectives of research on the upper Great Lakes.

More people get more news from newspapers than from all other sources combined.

## Editorials—

### If Gamma Globulin Tests Are Successful, More Blood Is Needed

THE effect of gamma globulin in the fight against polio will be determined to a major extent this year as a result of the mass inoculations in communities where the disease has reached epidemic proportions.

One such test is being conducted this week in Marquette County, where more than 10,000 youngsters will be given the serum in an effort to halt the spread of infantile paralysis in that community. Marquette County already has had 19 polio cases this season, 17 of which have developed paralytic conditions.

Tests were made last year with gamma globulin in several areas and although the results were not conclusive, they did indicate the value of gamma globulin serum in combating the disease.

More graphic results have been achieved this year in epidemic communities, principally Montgomery, Ala. The epidemic was quickly checked in that community, apparently as a result of mass inoculations.

In any case, the results thus far achieved have been favorable enough to suggest greater use of gamma globulin in the fight against a great scourge. A supply of the

serum is now available in Delta County and will be used in cases where exposure to polio is suspected.

Last year Delta County sustained its worst polio epidemic in history. Fortunately thus far this season the disease has not made inroads in this area and at the present time at least there is little danger of an epidemic.

If gamma globulin proves to be a successful immunization for polio, the Michigan Department of Health can take a large share of the credit for the discovery. Michigan has been a leader in this field and one reason for it is the fact that residents of Michigan have been generous in blood donation programs.

Tremendous quantities of gamma globulin will be needed if the current tests on polio proves successful. This means, of course, that a much larger percentage of the population will be called upon to donate blood more frequently than ever before.

### Ohio Experiments With Housing Project

IT'S amazing, even shocking, that wealthy as we are as a nation and as advanced as we are in many ways, the home conditions under which many of us live are so backward.

For instance, about 20 per cent of the average city's residential areas are slums. A great many of us, perhaps most of us, go through our entire lives without ever knowing at first hand what those slums are like. But they're still there.

Not only that, but few of us realize that not only are we ducking a great social responsibility by allowing slums to exist—we're also guilty of incredibly bad economics. A commercial business would go to the wall in a week if it allowed to exist within its organization a condition like a city's slum section.

Figures of the Federal Works Agency show that 45 cent of city service costs are poured into slum areas, whereas only six per cent of tax revenues are derived from those sections.

In view of these lamentable facts, it's good to see what they're doing in Columbus, Ohio.

The Farm Bureau Insurance Companies a cooperative farmer group which has amassed more than \$138,000,000 in the insurance business, is laying out \$30,000,000 of it to build a dream town two miles outside of Columbus.

It's to be called Lincoln Village, for Farm Bureau President Murray Lincoln, who developed the idea, and it won't be just another subdivision, but a complete community—homes, stores, factories, parks, everything.

There have been many other similar communities in various parts of the country—government-built Greenbelt in Washington, D. C.; Levittown, on Long Island—but they weren't complete. That is, people's jobs and their homes weren't brought together. And that's the big feature at Lincoln Village.

Of the 1170-acre community tract, 550 acres will be for light and heavy industry. Already, General Motors has a big factory alongside the development, and Westinghouse is putting one up.

The convenience of factory workers being able to walk to work in 10 minutes or so almost makes the project worth while in itself.

But that's not all. The whole community will be centered around the school. It will be located on a 20-acre tract, providing for large playgrounds and a wooded park.

Wide buffer strips of trees and bushes will separate home areas from factories, stores, and the railroad which passes nearby. Streets will be winding instead of laid out in monotonous squares. An ingenious system of walkways will give children maximum protection against auto traffic.

As far as possible, homes will be of different size, shape, and cost, to prevent the sameness which characterizes so many mass-dwelling communities.

All in all, the Lincoln Village experiment sounds like something we need more of. It doesn't wipe out slums but it certainly helps balance the scales toward better living conditions generally.

## Power With Words

By Dr. C. E. Funk

please—H. G. H., Kansas City, Kans.—No, to omit the word please in such a sentence as, "May I have some potatoes?" is not an instance of poor English, though it would be poor manners and might, as you say, lead to the response, "Certainly you may. Just help yourself." The custom arose about the year 1500 and was originally worded, "May it please you." Later it was shortened to "Please you," and ultimately became the simple imperative, "Please."

corral—"Are things corralled together, or just corralled? And also does one say 'gather together'?"—Miss S. H. E., Chicago, Ill.

Neither verb needs together, for it is already implied by the verb. To corral means "to bring together; to herd," and to gather means "to bring together; to collect into one place." Occasionally, however, the addition of together is justified as intensifying the verb.

splinter, sliver—Dr. R. A. L., Reno, Nevada—As applied to wood, the two terms, splinter and sliver, have identical meanings and may be used interchangeably. Both may also be applied to sharp thin fragments of metal, though sliver is more generally used.

dividual—F. K. R., Waterbury, Conn.—To the best of my knowledge no such word as dividual has yet been coined. We do have the word individual, however, meaning "separate; divisible." It is pronounced di-VID-jū-ul, and comes from the Latin dividual, divided. Its opposite is individual, which, fundamentally, means "not separate, not divisible."

minister's wife—G. F. L., Morgantown, W. Va.—A minister may be introduced as Rev. Mrs. Jones (or Rev. Mrs. Jones) or "Mrs. Jones." To introduce her as "the Rev. Mrs. Jones (or Rev. Mrs. Jones)" is to state that she herself is a clergyman.

## Questions and Answers

Q—Is Congress currently doing anything to aid small business?

A—Its committees are considering several proposals to continue defense loans to small businessmen, and to add authority for non-defense loans. Now, the Reconstruction Finance Corporation makes such loans on recommendation of the Small Defense Plants Administration. (SDPA will expire June 30, 1953, unless extended by Congress.) Some Congressmen want to continue this procedure. Others favor establishing a new, independent Small Business Administration, with loan authority. Also under consideration is tax relief for small business.

## The Doctor Says . . . Astigmatism Can Be Cured Through Study and Care

By EDWIN P. JORDAN, M. D. — Written for NEA Service

C. S. writes that the doctor has told her she has astigmatism, and she is supposed to wear glasses all the time. Naturally, therefore, she is curious as to just what astigmatism is, and asks for a discussion.

The eyeball is shaped much like a sphere. The rays of light come through the circular part of the eye, called the pupil. Any twisting of the eyeball in any plane will cause the rays of light also to become twisted and out of focus.

In all cases of astigmatism there is an inability of the eye to focus the parallel rays of light which enter it. In other words these rays of light do not come together at the same point in the back of the eye. This means that a person who has astigmatism sees things all blurred. Instead of having a clear image of what he is looking at, the object appears fuzzy and irregular.

Astigmatism is not always in the same plane and it is certainly not always the same in both eyes. For this reason, when glasses are necessary for astigmatism, the lenses necessary to correct the defect in the two eyes usually will not be alike.

The correction of astigmatism requires finding out for each eye just what change there has been in the curvature and what plane is out of order. Then the lens for the glasses is prescribed and ground to correct the planes which are in error and to bring the parallel rays of light to a single focal point in the back of the eye so that the image of what is seen again becomes clear-cut.

### DIAGNOSIS REQUIRES SKILL

Skill and training is necessary to find out just what is the matter and to prescribe exactly the type of glasses needed to correct the error. Special instruments are required and in most cases doctors place a drop of atropine or something like it in the eye which causes the pupil to become dilated and makes the examination of the error more simple and more accurate.

Astigmatism is one of the most common causes for prescribing eyeglasses. It is often present combined with nearsightedness or other vision difficulties, but glasses can often be devised which will correct more than one such defect.

## Merry-Go-Round

By DREW PEARSON

WASHINGTON—GOP leaders don't like to admit it, but they are sadly convinced that the ailing Mr. Republican, Sen. Robert A. Taft, will be forced to retire within six months.

This has touched off a backstage battle over control of the Senate, which the Republicans now run by a slim majority of one. Taft's successor would be appointed by a Democrat, Ohio's Gov. Frank Lausche. However, Democratic leaders have already consulted Lausche privately, and urged him to appoint a Republican. They explained that the Democrats don't want responsibility for the legislative logjam that is building up in the Senate. In the end, they figure they will gain more votes by leaving the Senate in GOP hands.

As a result, Lausche is considering Bob Taft's younger brother, Charlie, for the expected vacancy.

### McCarthy-Go-Round

Senator McCarthy is trying to cover up his association with Ralph Moore, a shady commodity speculator, who was kicked off the commodity exchange. Inside fact, however, is that Moore has been acting as a front for McCarthy on the commodity market. When the senator collected \$10,000 to fight Communists and diverted it instead to buying soybeans in his brother's name, the applications were made out in Moore's handwriting. . . . McCarthy has hinted darkly that Father Leon Sullivan, a Catholic missionary, received an overdose of Communist propaganda while he languished in a Chinese prison cell. What upset the senator was Father Sullivan's comment that he would rather return to his Red prison than see "McCarthyism" rise in America. The courageous Catholic declared: "My missionary career in China ended in a Communist court in which accusations were taken as facts, charges as proofs, and in which the police announced that 'Defense is not necessary; we never make a mistake; when we arrest you, you're guilty.' As a result of that experience, I cling desperately to a principle that is one of the foundation stones of our democratic way of life, the principle that a man is innocent until proved guilty. . . . If you must betray democracy in order to save it, why bother?"

Jewish leaders were outraged over McCarthy's charge that Senator Mike Monroney, Oklahoma Democrat, is anti-semitic. They not only regard Monroney as a fair-minded American, but they point out that all the professional Jew haters—from Gerald L. K. Smith on down—are backing McCarthy. . . . Senators report that most of their pro-McCarthy mail consists of unsigned, crackpot letters, railing against Communists and Jews. . . . McCarthy's strategy backfired when he threatened to sue the Americans for Democratic Action and Beacon Press for distributing copies of the Senate report on his finances. He expected them to hide behind congressional immunity, since the report is an official Senate document. Instead, they offered to waive all immunity and invited him to sue. . . . McCarthy's crocodile tears over the three Democrats who walked out on his committee don't impress fellow senators. They remember how he walked out on the Malmedy investigation, when information turned up that McCarthy's defense of the Nazi war criminals was inspired by German Communists who hoped to undermine U. S. prestige in Germany. As late as March 20, McCarthy sided with GOP Sen. John Williams of Delaware who quit a Senate finance subcommittee in protest over the chairman's dictatorial tactics. Commented McCarthy: "I should like to congratulate the senator from Delaware for taking the action he has taken in removing himself from that subcommittee."

### HAPPY ARGENTINA

Milton Eisenhower, president of Penn State and Ike's unofficial ambassador to Latin America, received an auspicious welcome in Argentina, where the semi-official newspaper Democracia said there would be no trouble between the U. S. A. and Argentina were it not for critical North American newspapers. (The A. P. and U. P. have both been kicked out of Argentina.) Simultaneously, however, Peron's gestapo has found an efficient means of banishing criticism. It has thrown more than 6,000 people into prison for "broadcasting rumors against the government."

In Peron's more recent speeches he has said he would send to jail anyone who makes comments against the government even though those comments are made among friends or while standing in line to buy food.

As a result, criticism of the government is disappearing from Buenos Aires. Argentines who express themselves about the scarcity of meat or the high price of milk and butter merely go to jail.

When there are more than two little kiddies in the family, the best thing to try on your piano is scratch remover.

We are moving into the fourth season of the year when fish don't seem to bite.

## They Have Nothing If Not Variety

## Shortage Of Nickel In U.S.A May Last For Next Ten Years

HUGE NICKEL MINE in Sudbury, Ontario, produces a big part of the world supply, but can't relieve the pinch now being felt on consumer goods caused mostly by the Korean War.

By DOUGLAS LARSEN

NEA Staff Correspondent

WASHINGTON (NEA)—If you have the uneasy feeling that some of the things you have bought in the last couple of years—cars and home appliances—haven't been quite as good as those you used to buy, the chances are your hunch is right.

What's more, there's not much hope that these items will be improved in quality any time soon. And the situation could last for the next 10 years or even thereafter.

The whole thing boils down to a serious shortage of nickel caused mostly by the Korean War. But it won't necessarily end with a truce there.

Check your own car for proof of the situation. If it's several years old, the bumper, for instance, is probably still in good rust-free shape. Nickel was fairly plentiful to the auto makers just after World War II and before Korea.

However, if your car is a late '52 or a '53, chances are there are small rust spots already beginning to show. That's due to the lack of nickel.

Unfortunately, nickel in cars and other products is more important in the things you can't see. In parts of engines which are subjected to great heat, nickel is added to help withstand deterioration. When the maker is forced to stint on the amount of nickel, it deteriorates that much faster.

In home construction, a similar situation is true. Nickel is needed in heaters, stoves, flashing, ducts and plumbing fixtures, to name just a few. It's needed in such household appliances as refrigerators, washing machines and vacuum cleaners.

Today, nickel, along with tungsten and columbium, other steel hardening agents, are the only metals which have been kept under full government control.

The pinch on the nickel supply is still so tough, even with recently modified defense needs, that only such key items as food processing and pharmaceutical equipment, sterilizers and textile machinery are permitted to have nickel in them. There are close to 300 categories of consumer goods in which no nickel is permitted.

Military demands cut into the nickel supply in three respects. More weapons naturally demand more nickel. Stockpiling needs are kept high. And more nickel is

needed in greater proportion in each new weapon that is developed.

The Atomic Energy Commission gets a large slice of the supply. Jet engines require great quantities of the metal, sometimes more than a ton in one engine.

Total free world production last year was 315,000,000 pounds. America got about 202,000,000 pounds of that. There are estimates that unlimited consumer demand in the U. S. is about 250,000,000 pounds. That gives some idea as to how much civilian uses are being stunted.

According to present government plans for purchasing in increased supplies of nickel, it is estimated that around 1957 a peak of 320,000,000 pounds per year will be available. It has been raised to this figure mostly by increasing future purchases from foreign suppliers.

The American producers, especially, and the military, claim that this is not enough for the ever-increasing demand. Such firms as Freeport Sulphur, which owns large deposits of nickel ore in Cuba, are trying hard to get government contracts to speed

their development of this new source.

But National Production Authority officials say that a depression, drastic cut in military purchasing or some other big factor could sharply reduce the nickel demand to the point where there would be an oversupply in the U. S.

While the nickel situation has gotten more complicated, the price has steadily risen. In 1946 it was 35 cents a pound. Today it is 60 cents a pound. There are increasing rumors of a gray market in the metal, with prices quoted at four times that amount.

## So They Say

I'm going to have to figure out some way to make a living with out hands. I was a chump.—Robert Petroff, 15-year-old of Beloit, Wis., who lost both hands when his homemade fireworks exploded.

If they want to marry, why shouldn't they?—London Sunday Express editorializes on Princess Margaret's rumored romance.

## Good Evening . . .

(Peter Edson, NEA columnist, will substitute for Clint Dunathan who is on vacation.)

By PETER EDSON

NEA Washington Correspondent

WASHINGTON—(NEA)—Federal Power Commission handling of the controversial Idaho Power Co. application to develop three Hell's Canyon dam sites indicates a determination to get this business settled as soon as possible. There is apparently some hope it will be a forgotten issue by the time the 1954 elections roll around.

Hell's Canyon on the Snake river—a main Columbia basin tributary on the Oregon-Idaho line—doesn't make big news in the East and South. But it is strictly front-page stuff in the Northwest.

The case has much more than regional interest, however, for this is the key to all Eisenhower administration policy on the private power company vs. public power issue. Proof of this is found in the fact that big private power interests have entered the case as interveners. This means they become party to the action to protect their alleged interest therein.

Pacific Power and Light, the big Oregon utility, has moved into the case because it hopes to buy power from the Idaho company if it is granted license to build the three dams. Representatives of Electric Bond and Share, one of the biggest utility holding companies of America are present. And so are representatives of the National Association of Electric Companies.

These facts are taken as an indication of the importance which the private power industry puts on the Hell's Canyon decision.

### HELD BEFORE EPC EXAMINER

Current hearings on the case are not being held before the full Federal Power Commission. They are being held before an EPC examiner, William J. Costello, an old hand at this business.

Examiner Costello will hear all the evidence and make a finding of fact. This will then be reported to the full Federal Power Commission, which will issue the final decision on whether Idaho Power may begin construction.

The opposition to the Idaho Power application is pitifully weak. A National Hell's Canyon Association, headed by J. T. Marr of Portland, Ore., has been formed in the Northwest to support public power development of the Snake.

The association is long on numbers of people, but short on cash. It has the backing of Northwestern Grange, Farmers' Union, A. F. of L., C. I. O., some public utilities districts and local co-ops.

In Congress, almost their only supporters are independent Sen. Wayne Morris of Oregon and Rep. Gracie Plost, Idaho Democrat, who complained and won on this issue last election. Senator Morse's influence in Congress today can't be described as being at any peak.

What the Hell's Canyon Association wants is a single, high dam built by the federal government in place of the three dams built by Idaho Power. This is in support of plans made by Department of Interior with Truman administration approval.

The new Secretary of Interior, former Gov. Douglas McKay of Oregon, walked out on these plans in May by withdrawing his department's opposition to the Idaho application. Secretary McKay's main argument was that there was no use asking Congress for money to build the high dam under present federal budget and tax conditions, while Idaho Power was willing to spend its own money for similar though smaller projects.

### CHARGE RAILROADING

The Hell's Canyon Association attack on the Idaho Power application is that the present hearings before Examiner Costello are being railroaded through in violation of Federal Power Commission and Administrative Procedures Act regulations. Principal basis for these charges is that the Idaho Power application is not complete as to authorization, financial and engineering data, as required.

EPC Counsel John Mason replied to this that the regulations were burdensome and should be changed. Examiner Costello thereupon overruled the complaint motion on the grounds that the regulations were unrealistic, and that long proceedings would have to be avoided.

Mother does homework all day—and still the school kids kick.

The chances are that you would be more popular with more people if you made it a point to make them popular with you.

## Home Sought For California Panorama

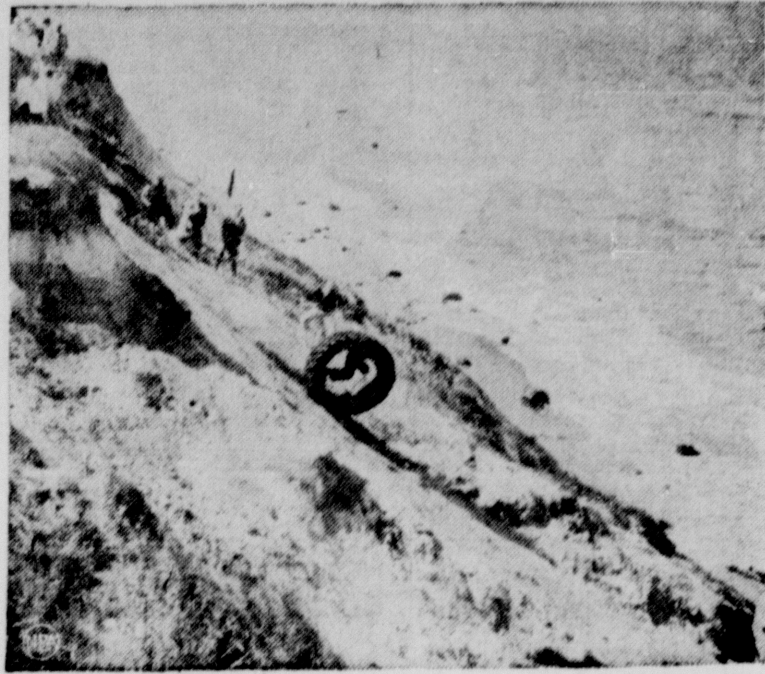

SAN FRANCISCO (P)—The city is looking for new quarters for the spectacular panoramic relief model of California exhibited in the nave of the Ferry building at the foot of historic Market Street.

The building is to be remodeled for other purposes. The map is 600 feet long and 17½ feet wide and required 14 months of labor by engineers, draftsmen, sculptors, geographers and artists.

Immense amounts of material were used—2,500 square feet of plate glass for instance. It has 800,000 hand-carved miniature buildings.

## Actor Lorre Weds

HAMBURG, Germany (P)—Hungarian-born U. S. movie actor Peter Lorre, 49, was married here Wednesday to Annemarie Stoldt, 27, daughter of a Hamburg fish wholesaler. It was Lorre's second marriage and his bride's third. The couple met more than two years ago.

DEATH DEFYING FEAT—Crouched in a tractor tire, Armin Dahl rolls down an incline of the coast near Travemunde, Germany, into the Baltic Sea. After the risky feat, he was rescued by life-guarders stationed below. Armin is a German movie stunt man.

## Cornell

CORNELL—Mrs. John Steponites of Spring Valley, Ill., is visiting her brother, Jim Yuskis, at his home in Cornell. Guests at the Yuskis home also included Mr. and Mrs. Joe Steponites and daughter of Spring Valley.

Anna Dambroskie has returned to Chicago after spending two weeks with her sister, Mrs. Charles Lawandowski.

Anna and Albert Laasko returned to Oak Lawn, Ill., after a visit with friends here.

Mr. and Mrs. John Chapes of Chicago, are visiting at the William Zeglis home and with friends in Escanaba.

Mr. and Mrs. Dan Dambroskie motored from Chicago to spend some time with old-time friends.

## Extension Misplaced

BATON ROUGE, La. (P)—The Baton Rouge city planning commission recently approved the extension of a dead end street to link two main traffic arteries.

The commission took another look at the map Wednesday and discovered the extension goes right through the residence of George S. Covert, Louisiana state highway director.

## To Perform Moliere In 'Railway' Lingo

BRAZZAVILLE (French Equatorial Africa) (P)—Moliere's "Avare" (the Miser) will be played in yet another new language here soon. A speaker of Radio Brazzaville is preparing in cooperation with native artists a translation of the Avare in monokoutouba. The performance will take place in Brazzaville. Monokoutouba is a sort of native esperanto, "the railway language". It is a spontaneously born combination of dialects spoken by native workers who helped build the railroad from Brazzaville to the sea coast.

## Retired Doctor, 80, Gets Jamboree Job

JAMBOREE CITY Calif. (P)—An 80-year-old retired Iowa physician accompanied his grandson to the Boy Scout Jamboree and then got himself a job at it.

"They guessed I was 65," Dr. J. Frank Aldrich said Wednesday of his jamboree assignment as head of the Illinois Section Health Lodge.

"But they figured I could handle the job even when I told them my real age."

Dr. Aldrich helped introduce the scouting movement in 1911 in Shenandoah, Iowa, where he practiced medicine more than 50 years. His grandson, Robin Bishop, 13, is a scout from Decatur, Ill.

## Arguments On Bingo Reach From Detroit To Mackinac Island

(By The Associated Press)

Bingo was the topic of heated discussion from Detroit to Mackinac Island today.

State Sen. Frank Andrews (R-Hillman) announced Thursday he will introduce a resolution when the Legislature goes back into session, calling for an amendment to the State Constitution to permit non-profit, charity, religious and civic organizations to operate bingo games.

**Big Lotteries In Mind**

The Republican senator sponsored a similar bill last year only to see it die in the Senate Judiciary Committee.

If the proposed resolution should be approved by the Legis-

lature, the people would then be called upon to vote on whether the Constitution should be so amended.

Andrews said that the section of the Constitution which prohibits lotteries was inserted "for the sole purpose of preventing big money lotteries such as are conducted in Mexico."

"It was not intended to prohibit such simple games as bingo," he declared.

Detroit Councilman Charles N. Youngblood said he would urge his fellow council members to support such a change.

County fairs and celebrations throughout the state have been hit financially by Atty. Gen. Frank G. Millard's order to crackdown on all games of chance, including bingo.

**Stuck With 25 Cars**

Detroit firemen were busy today trying to find a way to dispose of the 25 cars they were raffling off in connection with their annual Field Day. Police informed firemen that under state law the raffle was illegal.

At Mackinac Island, where the county prosecutors of Michigan are holding a convention, some prosecutors were reported wanting to pin Millard on exactly what he meant in his recent order for all state enforcement agencies to crackdown on gaming, or else.

Many Michigan communities have held bingo games for years. And proponents of the game claim that no harm has ever come from it, morally or otherwise. The prosecutors indicated they might demand that Millard present a point-by-point program as to enforcement of the law.

The mass inoculation with gamma globulin, which medical scientists believe lessens or prevents paralysis in most polio cases, was started in the hope it also would curb the spread of the crippling disease.

It has halted at least temporarily, uptrends elsewhere.

The inoculation started Wednesday, when 4,000 reluctant children were brought in for free shots by their parents. Lollipops and soda pop helped the youngsters forget stinging backside.

The "shooting" here and at nearby Ishpeming will end today. The centers are being manned by physicians, nurses and volunteers, all giving their time free.

The Office of Defense Mobilization furnished the gamma globulin and sent \$4,000 cubic centimeters, enough for 12,000 kiddies — just in case Marquette authorities under-estimated their tiny tot crop.

It is known that the total has been swelled by anxious parents vacationing in this Michigan north country bringing in their children.

## Marquette Polio Shooting Ended

MARQUETTE (AP)—The mop-up stage was reached today in "Operation Lollipop," an estimated 9,000 of Marquette county's 10,000 children under 10 having been "shot" with gamma globulin in a mass inoculation.

While 5,000 shots were being administered Thursday, however, Marquette County's 25th polio case of the year was reported.

The mass inoculation with gamma globulin, which medical scientists believe lessens or prevents paralysis in most polio cases, was started in the hope it also would curb the spread of the crippling disease.

It has halted at least temporarily, uptrends elsewhere.

## Reds Kept Purging Crew; 100 Jumped Ship In 6 Years

(Continued From Page One)

of Russia, Poland and their Communist allies.

During the "discussion period" which followed each lecture, individuals were invited to express their views. This, in effect, was an invitation to Communist members of the crew to renew their pledge of loyalty to the party, and they invariably did so. Repeated failure of a Communist to take advantage of the "discussion period" to announce his sentiments would obviously be reported and would expose him to danger.

**Describe Meetings**

A similar procedure was followed at separate meetings organized in the various departments of the Batory by party lieutenants and trade union "agitators."

Not being a member of the party I did not participate in any of these Communist meetings but I did attend general assemblies to which all officers and hands were invited. These were held two or three times on each trip in the first-class dining rooms.

The dining-room tables were covered with red cloth. Communist speakers, who addressed these assemblies, were flanked by portraits of Stalin, Lenin and Communist leaders of Poland. The speeches ran along the same general lines as those delivered to the restricted party sessions.

From time to time some one, obviously in accordance with a previously prepared plan, would jump up and shout "Long live Stalin!" or long live some other Communist leader. The entire company was then expected to display its loyalty by joining in a general cheer of "Hurrah! Hurrah! Hurrah!" Few if any cared to run the risk of being reported to the police in Gdynia and Warsaw by withholding these hurrahs.

**Red Hold Put to Test**

The test of Communist indoctrination came each time I brought the Batory into a foreign port. This released members of the crew from the absolute control under which they lived in Poland and aboard ship and gave them an opportunity to desert. In a sense, this was a test between the Communist system of the East and the non-Communist system of the West.

As we approached a foreign port, the heat that went into the indoctrination lectures was stepped up sharply. Special "preluding" sessions were held aboard ship, and party lieutenants drilled messages such as the following into the minds of the young seamen: "Be careful when you go ashore. You know we are hated in the West. You may be murdered or kidnapped. Trust no one. Don't go ashore alone. You must move around in groups of at least three and remain always together. Look out for each other and be careful not to stray. You will see a lot of goods in the shops, but remember that no one can buy them. The people are too poor. Beware of any one who tries to talk to you. He probably will be a spy or a provocateur."

At first the youngsters believed this. They were frightened when they landed in New York, Southampton and other ports of the Western World. They kept to themselves, always sticking together in small groups, as directed. Westerners found them rather strange and even surly.

**Attitude Changed**

But after a second and third trip, these youngsters discovered that they were not being kidnapped or murdered; that the people of the United States, Britain, Belgium, France and elsewhere were not as poor as they had been given to believe; that goods in the shops were actually being sold and finally that the people to whom they began speaking, rather timidly at first, were not gangsters at all but quite human and friendly.

Under the impact of reality, their Communist indoctrination was shaken and even shattered. During the six years I captained the Batory roughly 100 members of the crew deserted Poland's Communist country and Communist ship for the freedom of the West. With few exceptions, they were youngsters between eighteen and twenty-five, products of Poland's new Communist regime.

This resounding victory for the West had serious repercussions aboard the Batory and back home in Poland. Communist authorities could never be sure who would jump next. All they could do, in

## Reckless Reds Sank Into Allied Lines With Force Of 5000

By GEORGE A. McARTHUR

SEOUL, (Friday)—8 savage Chinese Red attacks by perhaps 5,000 men lashed Friday night at three hilltop outposts on the Korean Western Front northeast of the truce-talk town of Panmunjom.

An officer at the front reported Chinese were in the trenches on two of the hills and Allied soldiers were fighting with bayonets and gun butts.

"We still hold 50 per cent" of the two hills, the officer said. The Chinese unleashed fiery barrages of Russian-made rockets on Outpost Esther.

The Reds also threw in heavy artillery and mortar barrages. Allied artillery in counter-fire cut up two Chinese efforts to reinforce the attack. Eerie flares lit the sky.

Second Lt. William H. Bates, Portland, Maine, radioed back from Outpost Esther in the heat of the fighting: "Holding, doing fine. Will continue to hold as long as the am-

munition holds."

AP Correspondent John Randolph reported from the Central Front that two Chinese companies attacked a hill seized by the South Koreans earlier.

The Reds hit just after sundown and apparently were beaten back two hours before midnight.

There was desultory fighting throughout the day on four hills in the area northeast of Kumhwa. One of the hills had been retaken from the Reds by the South Koreans, but the other three were still in Communist hands despite the South Korean efforts.

**Bishop Confirms Class At St. Mary's In Hermansville**

HERMANVILLE — His Excellency, the Most Rev. Thomas L. Noa, administered the Sacrament of Confirmation to 19 boys and girls and 6 adults of St. Mary's parish, at 7:30 p. m. July 19.

Monsignor and priests from the Menominee Diocese and surrounding communities were in attendance and included the Rt. Rev. John Holland, Dean of Menominee County, the Rt. Rev. Martin Melican, of Escanaba, the Very Rev. A. C. Pelisser of Iron Mountain, and Fathers Eugene Hennelly, James Schaefer, Oliver O'Callaghan, Victor Karch, Frances Genet, Glen Sanford, John Leckman, Geno Fararo, Walter Francek, James McCarthy, Raymond Prysbilski, Joseph Beauchene, Sebastian Maier, William Schick, and Joseph Dunleavy.

The four-part mixed choir sang the new centennial "Ecce Sacerdos" by Tappert and "Confirma Hoc Deus" by Rheinberger, and, at Benediction, "Jesu Dulcis Memoria," Motet, and "Tantum Ergo." At the close of Benediction the Tenor section sang "Adoramus et Laudamus," 8th Psalm Tone. The choir was under the direction of Mrs. L. T. Doran.

Confirmation marked the end of the Summer School of Religion. Three members of St. Anne's Altar Society, Mrs. Edward Fish, Mrs. Beatrice Fezatte, Mrs. Gladys Conrad, under the direction of Father Hoffmann, instructed the children throughout the year and these instructions were supplemented and final preparations completed by the three Sisters of Notre Dame who conducted the summer classes.

**Red Boss In Korea Leans Away From Russia To China**

(Continued From Page 1)

nounced by Pyongyang radio to be in the Cabinet are Hong Myung Hi, Jung Il Young, Park Yi Won and Choi Yong Kum. All are vice premiers.

The renegade South Korean Park Hung Yung, who became North Korean foreign minister, was reported to have been replaced by Vice Foreign Minister Lee Tong Kun, another South Korean who was trained at Yenan. All Pyongyang announcements of any importance of late have been signed by him instead of Park Hun Yung.

Park Hun Yung was reported in a Communist jail. He is said to have fallen from power three months ago.

There was no report on the whereabouts of Hu Ka Wee or Ambassador Choo Yung Ha, who is listed by the South Koreans as Yenan-trained. It might be that Choo Yung Ha is slated for a higher post in North Korea.

In Seoul, South Korean Home Minister Chun Hun Shik said the fight was between Chinese and Russian-trained Reds and that Marshal Kim, whose real name is Kim Song Ju, has become the supreme power.

**Funeral Of Chicago Striker Picketed By Cemetery Workers**

CHICAGO (AP)—Striking AFL Cemetery Workers picketed the funeral of an AFL official Thursday. A strike leader said the dead man "wouldn't have had it any other way."

When the hearse carrying the body of Thomas Purcell, international representative of the AFL Granite Cutters union, reached the gate of Queen of Heaven Cemetery, the union driver halted at the picket line.

Pall bearers carried the casket into the cemetery. Miles Barry, secretary-treasurer of the striking AFL Cemetery Workers union, said, "Our pickets don't discriminate and that's the way Tom would want it."

Some 700 workers have struck against 17 Chicago area Catholic cemeteries in a wage dispute. Their hourly pay now ranges from \$1.33 to \$1.70.

their anxiety, was to keep purging members of the crew, including Communist agents who were held responsible for the desertions. But this was no remedy because youngsters who replaced those who had been purged began jumping, too.

The Polish merchant marine, with its high percentage of Communist party members, is like a radish—red outside and white inside.

**Wall Street**

NEW YORK (AP)—The stock market maintained a steady gait today with trading holding to a relatively high level.

Most price changes were an eighth or so either way with many issues unchanged.

Business was at a rate of around a billion shares for the entire day as it was Thursday, a volume that has become something of a rarity these days.

Among higher stocks were U. S. Steel, Chrysler, Goodyear, National Distillers, American Smelting, Union Carbide, American Can and Johns-Manville.

**ACE DREADS DESK JOB**—Maj. James Jabara, the cigar-smoking MIG killer with 15 planes to his credit, arrived at San Francisco after completing his second tour of air combat over Korea. The Major is enroute to Wichita, Kansas, for ten days with his family before proceeding to his new assignment with Air Defense Command at Syracuse, N. Y. Jabara worried that he "might end up behind a desk sweating it out." (NEA Telephoto)

## Snack Shack Cafe Damaged By Fire

The Snack Shack, operated at 1504 Washington avenue by James Dishno, suffered serious damage from fire early Thursday afternoon. Sparks from an incinerator at the rear of the premises set fire to the back shed and the flames had gained considerable headway before discovered. The shed and the kitchen were badly damaged. Damage to the lunchroom was chiefly smoke and water.

The fire department responded to the call at 12:15 p. m. The place will be closed temporarily for repairs.

## Unrest Growing In East Germany Over Food Pinch

(Continued From Page One)

showed clearly his appeal would be scorned.

**Production Dwindles**

New reports seeping into West Berlin attested the continuation of resistance among the workers despite a wave of new arrests which has claimed at least 3,000 victims within the last week.

A Communist newspaper, Das Volk, admitted today that 80 workers in a state-owned machine plant in Nordhausen have dared to lay a list of 16 demands before their Red bosses.

Slowdowns by an estimated 250,000 workers were reported cutting production in nearly 100 strategic industrial enterprises in the Soviet zone.

**Senate Approves Bill To Raise Congress Pay**

WASHINGTON (AP)—The Senate passed and sent to the House Thursday night a bill which could lead to an automatic pay raise for members of Congress, the vice president and federal judges.

The bill would set up an 18-member commission to fix new pay scales, after consideration of comparable salaries in private business and "the sacrifices involved."

The commission would report back by next Jan. 15. Members of Congress now get \$15,000 a year in salary and expenses.

## Rock

**4-H Club Meeting**

ROCK—The West Rock 4-H club held a vegetable garden meeting at the Lauri Ranta residence. Mrs. Reino Neimela acted as substitute leader, instructing the group how to dust plants. Refreshments were served after the meeting. Those attending were Linnea Johnson, James Neimela, Dianne Saari and Kenny Ranta.

A baby sitting meeting was held at the home of Mr. and Mrs. William Johnson, under the direction of Mrs. Waino Bakka. The Junior leader is Nancy Saari. The general discussion was on safety kits and safety matters for children.

# Malenkov's Chances To Remain Top Man In Russia Analyzed

**Editor's Note—How does Georgi Malenkov look? Eddy Gilmore, AP correspondent in Moscow for 11 years, is one of the few Americans who have seen the Soviet Premier in action. Gilmore gives his appraisal of Malenkov—and of his chances of staying Premier—in this article, last of a series written this side of the Iron curtain.**

By EDDY GILMORE

PARIS (AP)—Who is running Soviet Russia today?

Is it really Georgi M. Malenkov? Could it be V. M. Molotov? Is Nikolai Bulganin the real man in charge? Is it possible that Nikita Khrushchev is manipulating things from the dark corners of the Kremlin? Or is it government by committee as the Communist party would have us believe—a committee composed of the party, the government and the Supreme Soviet?

Or, is the Army? Frankly, I don't know and I doubt if anyone outside the Kremlin knows.

Field Narrowed Down

The dismissal of L. P. Beria—listed officially as Malenkov's No. 1 lieutenant—has narrowed the field. But it has also confused it. A wise Western diplomat, with many years' experience in Soviet affairs, is not completely convinced by the Beria story. He explains:

"This could be another grand piece of Russian make-believe and deception. They may be trying to confuse the West at this extremely important moment of our times. The Beria disgrace could be a huge hoax."

I do not hold with this diplomat—which, I'll be the first to admit, doesn't mean very much.

I believe Malenkov is in charge and has been in charge since Stalin was stricken. I believe he saw Beria stealing up behind him and out of the corner of his quick, slavic eye, caught a glimmer of the knife in Beria's hand. That he felt strong enough, or desperate enough, to eliminate the high chief of the political police, with his principal henchmen.

More Due For Disgrace

If this is true then a lot more people are due for disgrace and denunciation in Russia. For Beria had a lot of friends and followers. He was a policeman and in any dictatorship there are a lot of policemen. They don't like to give up their authority lightly, or at all. What do we know about Malenkov? Not much. I've seen him a lot of times. But I've never had such a good look at him as that Sunday afternoon in mid-March just after Stalin's death and burial. That was when the Supreme Soviet met in the Kremlin and elected him chairman of the Council

of Ministers, or Premier, on Beria's endorsement.

I thought of Stalin's characteristic entrances onto the platform of the Supreme Soviet's meeting place. I'd seen the old Georgian saunter onto the podium so many times. He would look neither to his right nor left, but out over the audience. No smile. No frown. Just that cold Stalin stare.

So I thought of Stalin when Malenkov walked onto the stage. Some recognition. The applause was loud. But Malenkov didn't applaud himself as Stalin used to applaud himself. He let the clapping go a little while and then halted it by sitting down.

Unpleasant Character

Few foreigners had had conversations with Malenkov. I have two notations from men who sat beside him in Kremlin banquets.

Note No. 1: "He didn't talk very much and when I told him a joke he managed a faint smile. He seemed preoccupied. He volunteered no remark to me. He had a certain poise. However, an unpleasant character, I'd say."

No 2: "He seemed interested in his food more than he was interested in me as a dinner partner. But talking through a translator, he did appear to be intelligent, though reticent. When I made some remark about the weather he said he was never very conscious of the weather. All in all, not the kind of a fellow with whom to take a long trip on a tandem bicycle."

At 52, he is one of the youngest of the Communist leaders. And, of course, he's playing for time. He is consolidating his position, or trying to. Does he have time enough? And strength and intelligence enough? I believe so. I believe that Malenkov, more than any single man, is running Russia.

## Dr. Peter Lindstrom Tells Of Supersonic Pain Control Tests

PITTSBURGH (AP)—Dr. Peter Lindstrom, chief neurosurgeon at Aspinwall (Pa.) Veterans Hospital, has been invited to give a paper before the Scandinavian Neurosurgical Society in Helsinki, Finland, Aug. 29-30 on advanced research he has been conducting.

Dr. Lindstrom, former husband of screen actress Ingrid Bergman, has been studying a method of controlling pain with supersonics, an announcement by the Addison H. Gibson Laboratory at the University of Pittsburgh said Wednesday. That will be the topic of his paper.

## Missing Money Bag Found, \$96 Short

LEVITTOWN, N. Y. (AP)—A missing money bag containing \$5,826 has been recovered. But how it disappeared remains a mystery. The money was reported missing Monday by the local branch of the Franklin National Bank. The bank said the sack, containing the usual weekend deposit from a local grocery store, was not in its vault.

Store officials said two trusted employees had dropped the money bag in the bank's deposit chute Saturday night.

Wednesday an anonymous telephone caller told a bank official: "That money you're looking for is in the package mail box outside the bank."

The sack was found. It contained \$5,730—\$96 short.

## Bolivia Seizes Land

LA PAZ, Bolivia (AP)—Leaders of the powerful Bolivian Labor Federation have voiced approval of President Victor Paz Estenssoro's new program to nationalize large land holdings without paying for them. Paz Estenssoro proposed to distribute the estates among the peasants.

The government took over Bolivia's tin mines not long after a revolution swept Paz Estenssoro into office last year.

FIVE GENERATIONS OF THE FARLEY FAMILY are pictured here at a recent reunion at the John Farley home, Gladstone, Rte. 1. In the front row, left to right, are Mrs. Margaret Larson of Gladstone, Rte. 1, senior member of the family, who is 82, and John Farley, well known Escanaba business man, who is holding his great granddaughter, Cheryl Sargent, of Lake Orion, Mich. Cheryl is 7 months old. Standing are Cheryl's mother, Mrs. Dwight Sargent of Lake Orion and George Farley of Hermansville. (Charles Rose Photo)

# Like Christmas in July!

YOU'll know right quick what we mean by that headline when you learn what your dollars buy in this great new 1953 Buick SPECIAL.

You get a lot more room than the same money buys elsewhere—real, man-sized, six-passenger room.

You get power—flash-fast Fireball 8 power—the highest horsepower and compression ratio ever put in a Buick SPECIAL.

You get a ride that's big-car soft and steady and level—the Buick Million Dollar Ride of all-coil springing, torque-tube drive, X-braced framing.

You get wonderful handling, luxurious interiors, superb visibility—plus a long list of "extras" that don't cost you extra.

And those "extras" alone, at no extra cost, are like a welcome

Christmas bonus. Direction signals, twin sunshades, lighter, trip mileage indicator, automatic glove box light, dual map lights, oil-bath air cleaner, full-flow oil filter, vacuum pump, bumper guards front and rear—they're all yours in this Buick at not a penny extra.

So—how about looking into the good cheer to be had here?

How about visiting us this week for a thorough sampling of the greatest Buick value in 50 great years?

Only \$2267.88\* buys a BUICK

\*the new 1953 Buick SPECIAL 2-Door, 6-Passenger Sedan. Model 480, illustrated. DELIVERED LOCALLY. \*Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

## Busy Office No Place For Romance Says Top Secretary

By DOROTHY ROE

Associated Press Women's Editor

Girls who expect to marry the boss aren't likely to progress rapidly either in business or office romance, says a girl who might be called business's No. 1 secretary.

She is blonde, attractive Anna F. Woessner, just elected secretary of P. Lorillard Co., first woman officer in the history of the 193-year-old tobacco firm. This blue-eyed ex-wave, daughter of a newspaper press mechanic, advanced in six years from a routine secretarial job to the top brass post. Says she:

### Mostly Fiction

"The story of the secretary who marries the boss is confined mostly to movies and magazines. I'm afraid. My experience has been that most bosses are too busy to want any romantic distractions in the office, and besides are old enough to be our fathers."

Anna, who is 30 and looks like a poised college girl, has some advice for secretaries who have big business ambitions:

1. Realize that an office is a place of business and not a social club or matrimonial agency.

2. Try to understand the duties and problems of your boss, and take as much detail as possible off his shoulders.

3. Accept the fact that you have been hired for your efficiency and not because of your big blue eyes or that new perfume.

### "A Place for Everything"

4. Make yourself as unobtrusive as possible while in the office and try to anticipate the wishes of the boss. Have the file on whois ready before he asks for it and make his luncheon reservation before he reminds you.

5. Keep yourself neat and well groomed at all times, but avoid heavy perfumes, gaudy jewelry and provocative necklines. There's a time and a place for everything, and the usual high pressure office is not the place for secretarial allure.

6. Familiarize yourself with the business procedures, policies and techniques of your firm. When the boss is away, you may have to pinch hit for him.

## Protect Against Complexion Woes

By ALICIA MART

Complexion annoyances that may trouble you after 40 include broken capillaries, coarse pores, a yellowish skin tone, and brownish patches.

What to do about those tiny red veins, the bane of the thin-skinned? Avoid their occurrence as much as possible by protecting your skin from extremes of heat and cold. In summer, that means a nonirritating sunburn preventive, used as often as necessary.

### Gives Protection

In cold weather, it means protection from wind or steam heat with a bland lotion of cream. Use only tepid or cold water on your face. Avoid facial massage and stimulating masks. Check up on your intake of citrus fruits and juices to see that you're getting enough Vitamin C.

Coarse pores are usually due to a long-standing over-oiled or clogged condition. Too much fat or salt in the diet may be a cause. Failure to get the skin thoroughly clean may be another. Cold water and skin fresheners are good for these areas.

A yellowish skin tone may denote poor health habits, such as lack of sufficient sleep, fresh air and exercise. You may need a medical checkup. If your skin is not also thin and sensitive, try using peppy astringents and facial masks for temporary results.

### Avoid Yellow Cast

Powder for the shallow should have no yellow or beige cast. Use a cream or dry rouge not only for your cheeks but on forehead, temples and chin. But make sure to apply it in a strong light and, if you wear glasses ordinarily, wear them while applying rouge.

Use a natural red, not an off-color, and blend it artfully into the rest of your make-up. Rouge must escape detection as rouge.

You can't safely do anything about brownish patches except carefully conceal them with a nondrying make-up base that has good coverage and isn't greasy.

## Isabella

Bethany Aid Meeting

ISABELLA—Mrs. Arvid Sundin will be hostess to Bethany Lutheran Ladies' Aid in the church parlors Thursday, July 30, at 8 p. m. Members and friends are invited.

### Congregational Fellowship

Mrs. Julia Sundin will entertain the Ladies' Fellowship of the Congregational Church at the Harvey Sundin home Wednesday, Aug. 5, at 8 p. m. The meeting is for members and their friends.

Soft cookies will keep fresh and moist in a tightly covered container if you tuck a slice of apple in among the cookies.

**APPROACHING MARRIAGE**—Mr. and Mrs. Clifford Frasher, 716 S. 19th St., announce the engagement and approaching marriage of their daughter, Joan, to Henry Koerner of New York. Joan attended Lawrence College at Appleton and Pennsylvania College for Women at Pittsburgh, where she will be a senior this coming year. Her fiancé is an artist-in-residence at the Pennsylvania College for Women. The wedding will take place Aug. 15. (Portrait by Millie)

## U.P. Tournament Banquet At Highland Club Tuesday

The Upper Peninsula Women's Golf Association banquet, highlight of social activities arranged for the Upper Peninsula tournament at the Highland Golf club Monday through Thursday will be served Tuesday evening, July 28, at the club house.

The committees for the event, announced today, are: entertainment, Mrs. Earl Flagstad and Mrs. William Perron; decorations, Mrs. Merton Jensen and Mrs. A. D. LaBranche; banquet, Mrs. Kirby Treiber, chairman, Mrs. Fred Breitenbach, Mrs. John Riley, Mrs. Max Saums, Mrs. W. S. Durkin, Mrs. I. R. Peterson, Mrs. Herbert Flath and Mrs. Earl J. Wuelner.

Banquet reservations must be made not later than Sunday night, July 26, by calling 323-J or 1138.

The committee in charge of the lunches during the four day tournament is Mrs. Roy Jensen.

## Births

Mr. and Mrs. Donald R. Olson, 1511 Stephenson Ave., are the parents of a son born at St. Francis Hospital July 22. The baby weighed 7 pounds and 3 ounces at birth.

Mr. and Mrs. Francis Turek of Nahma are the parents of a daughter who weighed 7 pounds and 2 ounces at birth July 22 at St. Francis Hospital.

Lois Ann is the name chosen by Mr. and Mrs. William J. Charlebois of 1307 10th Ave. S., for their daughter who arrived July 23 at St. Francis Hospital. The baby weighed 7 pounds and 13 ounces at birth.

Mr. and Mrs. Wallace R. Day, 628 N. 7th St., Gladstone, are the parents of a son born at St. Francis Hospital July 23. The baby weighed 9 pounds and 11 ounces at birth and will be christened David Charles.

Mr. and Mrs. Frank J. Pokladowski, Bark River Rte. 1 are the parents of a son who weighed 9 pounds and 1 ounce at birth July 23 at St. Francis Hospital. The baby's name is Joseph Paul.

Mr. and Mrs. Roy D. Olson, 1423 Michigan Ave., Gladstone, are the parents of a son, John David, born today at St. Francis Hospital. He weighed 8 pounds, 7 ounces and he is the second child and the first son of the family.

Mr. and Mrs. Donald Brophy of Cleveland, O., are the parents of a daughter, Jacqueline. The maternal grandparents are Mr. and Mrs. Edward J. Olson, 939 Stephenson Ave. The child is the second in the family.

## Cotton Sheers A Summer Fashion

By GAILE DUGAS  
NEW YORK—NEA—Cotton is one of the great fashion convertibles. No one knows just what role designers will think up for it next. And it fulfills functions in a summer wardrobe that were unheard of 10 years ago.

There are more cotton sheers this year (organdies, chiffons and georgettes) than ever before. These are not "see-through" sheers; they are opaque with a sheer quality.

Cotton takes its place as easily under the moon (or twinkling electric stars) as it does under the sun. It's seen on the beach, the patio, the dance floor and city streets.

We show here a convertible cotton for wear in the sun and on the street. Its companion is a short evening dress in cotton chiffon.

This evening dress (left) is in minute checks, has a molded bodice of stitched tucking and full pleated skirt. Neckline is a wide V. This is by Adele Simpson.

From this same designer comes (right) the convertible cotton.

This is a one-piece sun dress with wrapped midriff of black cotton chambray. Tiny bolero provides sufficient cover-up for street wear. This is a black-and-white woven check.

## Danforth

### Baby Shower

Danforth—Mrs. Clifford Chouinard was honored at a stork shower arranged by Mrs. Lloyd Sodergren, Mrs. Fred Germaine, Mrs. Hubert Irving and Mrs. Jack Porath.

In the games played Mrs. Tom Bisson, Mrs. Art Levesque and Mrs. Vernon DuBrook had high scores in 500 and Mrs. John Butryn, Mrs. Isadore Guenette and Mrs. Gerald Guenette, the high scores in buncos. The travel box went to Mrs. Art

Levesque and the guest award to Mrs. Eli Taylor. Mrs. Chouinard was presented with shower gifts and a lunch was served.

Guests were Mrs. Teddy Guenette and Mrs. Gerald Guenette of Milwaukee; Mrs. Ernest Guenette, Perronville; Mrs. Leo Guenette, Mrs. Albert Blake and Mrs. Gust Porath, Hyde; Mrs. Joe Fillion and Mrs. Walter Veraghen, Flat Rock; Mrs. Regina Germain, Escanaba; Mrs. William Lantagne, Mrs. Arthur Levesque, Mrs. James Utt, Mrs. Mike Prim, Mrs. Larry LaMarche, Mrs. Charles MaKosky, Mrs. Ray LaMarche, Mrs. William Loe, Mrs. Isadore Guenette and Mrs. Lawrence Beauchamp Jr., Danforth.

## Doreen Walker, Francis Lessard Wedding Saturday

In a ceremony at St. Patrick's Church in Escanaba at 10 a. m. Saturday, Miss Mary Doreen Walker will become the bride of Francis Lessard of Gladstone.

Doreen's sisters, Donna Marie and Cheryl Jean will attend her as maid of honor and bridesmaid. Little Kathy Berish will be flower girl.

Lloyd Lessard will be best man for his brother, while another brother, Kenneth, will usher.

Decorating a special party cake? You can turn it into a plate-size garden with real flowers. Dip the stems, cut close to the blossom, into melted paraffin and then plunge them into ice water. After the wax is hardened, arrange the flowers on the frosted cake and around the cake plate.

Keep extra custard cups to use for small mixing jobs, refrigerator storage, and molding gelatin desserts and salads.

## Softball Group Meets Tuesday

Final plans for preparing the new Central Park softball field for play will be made at a softball meeting Tuesday evening, July 28, at City Hall, it is announced.

Also scheduled at the meeting, set for 8:30, will be discussion of plans for the annual all star game and tournament.

Managers of all league teams have been requested to attend the session at which project assignments for completing the field will be drawn. Any manager not present will be assigned a project.

Cyclone fence separating the new field from N. Maple Ave. has been installed. The outfield area was seeded in early spring following extensive preparatory grading and leveling last year. The diamond area was finished last fall.

The new field, when finished, will be the first project completed in Central Park. Various other projects are under consideration, including construction of a bandshell and development of a swimming pool in the quarry pond.

## City Briefs

Mr. and Mrs. E. E. Cookson have returned from Miami, Fla., where they attended a national hardware convention. Mr. Cookson is president of the Michigan Retail Hardware Association.

Following a three weeks' stay at the Herbert cottage at Manistique Lake, Mr. and Mrs. Ralph Ahlskog and children, of Wauwatosa, Wis., arrived here yesterday to visit at the J. Joseph Herbert residence, 728 Range St. Mrs. Ahlskog is a daughter of the Herberts.

Visitors at the home of Mr. and Mrs. William McKenzie, Jr., 730 Garden Ave., are her parents, Mr. and Mrs. Thomas Jordan and son, Charles, and her aunt and family. Mr. and Mrs. Robert Mayo and son, Wayne, all of Richmond, Va.

Joann and Patsy Bergman, of Pontiac, have arrived to spend a month here with their uncle and aunt, Mr. and Mrs. William McKenzie Sr., 410 Range St. Mr. and Mrs. Roy Burns, of Mansfield, Ohio, have returned to their home after visiting here with Mr. and Mrs. Walter Burns, 120 N. 3rd St.

C. W. O. George T. Grace of the U. S. Army visited here recently with Mr. and Mrs. William LaFreniere, E. Elk St., enroute from Fort Ders, Mass., to Alaska. His brother, Casimir Grace, of Sault Ste. Marie, also visited here.

Mr. and Mrs. Walter Davenport and daughters, Karen and Sharen, of Hartford, Conn., left Thursday for their home after visiting here with his mother, Mrs. Laura Davenport, and his sister and family. Mr. and Mrs. Neil Nygard, and other relatives.

Recent visitors at the home of Mr. and Mrs. William LaFreniere, E. Elk St., were Mr. and Mrs. Mrs. Arthur Hardy and son, of Iron Mountain, and Mr. and Mrs. Leo Hill and family, of Rock. Mrs. M. Mersman and daughter, Nellie, of Grand Rapids, and Mr. and Mrs. Ralph Nicholson, of Detroit, visited here this week at the John M. Hewitt home.

## Demand Still Strong Here For Apartments And Sites For Trailers

Apartments and trailer sites for pipe line workers are still urgently needed in Manistique, it was reported yesterday by Fred D. Heltman, secretary of the Top O' Lake Michigan Chamber of Commerce.

Influx of workers and supervisory personnel began about three weeks ago when Midwestern Contractors, of Tulsa, Okla., began making arrangements to shift operation headquarters from St. Ignace to Manistique.

Although many persons connected with the Canadian pipe line development already have procured living quarters or sites for trailers, the demand is still strong, Heltman said. Liberal rental rates are being offered, he pointed out.

Persons with facilities available for three to four months are requested to contact the chamber office, telephone number 1.

"Persons who have called at the chamber office seeking to rent apartments or trailer sites are high class individuals, many of them with families," Heltman said. States represented by individuals who have contacted the C-C office include Alabama, Mississippi, Louisiana, Oklahoma, Texas, Nevada, Utah, Tennessee, Vermont and Nebraska, the chamber secretary reported.

Persons who rent trailer space to more than two trailers automatically come under regulations of the Michigan State Health Department, it is pointed out by

## Church Services

**First Baptist Church of Gulliver**—Sunday school at 10 a. m., worship at 11 a. m., Evening service at 7:30 p. m., Prayer service Wednesday 8 p. m.—Rev. V. E. Anderson, interim pastor.

**St. Paul's Episcopal, Nahma**—Morning prayer and sermon at 9.—G. C. Drew, lay minister.

## Local Girls At Timber Trail

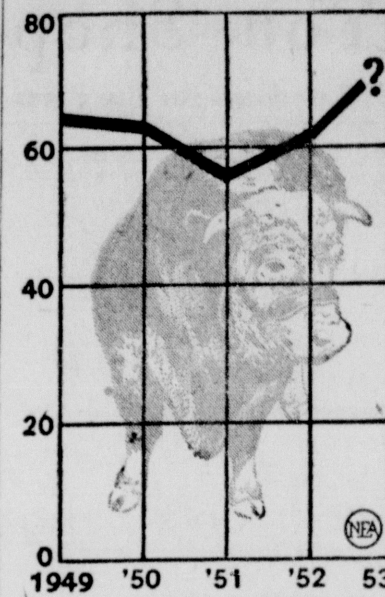

The first group of Manistique Girl Scouts are now at Camp Timber Trail, located at Skeel's Lake near the Alger-Delta county line, it is reported by Mrs. John C. Hanson, local camp registrar.

The girls are Judy Slining, who will be at the camp four weeks, and Sally and Susan Hanson, who will spend a two-week period at the encampment.

The largest contingent of local girls will leave for the camp on Sunday, Aug. 2, Mrs. Hanson said. Girl Scouts who are scheduled for the week beginning Aug. 2 are requested to pay the balance of their camping fees and obtain their health cards early next week.

"This must be taken care of a week ahead of the camping period if the girls are to be eligible to attend," Mrs. Hanson said.

Camp Timber Trail opened July 5 and will close Aug. 15. Margaret Quick, of Manistique, is on the camp staff. Helen Alfredson, of Menominee, former teacher here, also is a member of the camp supervisory force.

**MORE BEEF**—The U. S. Department of Agriculture predicts that Americans will eat more beef this year than ever before because of the record-high cattle slaughter in the southwest. Beef consumption might go over 73 pounds per person, which would top the 1909 mark, highest of this century. Above Newschart shows per capita beef consumption from 1949 to the present.

## 125,000 Attending Witness Meeting In New York City

A total of 125,000 Jehovah's Witnesses from many nations of the world are attending the New World Society Assembly at Yankee Stadium, New York, it is reported by Arvid Carlson, Manistique, leader of the local delegation at the convention.

Virtually the entire Manistique congregation left last week to attend the assembly, which is scheduled to close Sunday, July 26.

To service the assembly special traffic directors were on hand to supervise travel, two supermarket-type stores were set up to sell food at cost to the Witnesses, chemicals were poured on furrowed streets to keep dust down, and other special facilities provided, including huge shower buildings and laundry rooms, Carlson reported.

Advance Witness parties more than two weeks ago laid out streets, dug three wells, dug trench latrines, strung 23 miles of electric wire, laid five miles of water pipe underground and slapped together 25 shacks to serve as service centers.

As Witnesses arrived they brought their own municipal departments with them—more than 20 trucks for carrying garbage, three tank-carrying fire trucks,

Don't miss the new Basic FASHION for '53, spring and summer. It's a complete spring sewing guide for smart, practical wardrobes; gift pattern printed inside

## Grand Opening Of The Surf, New Dining Place, Scheduled For Sunday

Grand opening of the Surf, Manistique's newest dining establishment, is scheduled for Sunday, July 26, it is announced by George Babladelis, owner and manager.

The new roadside dining place, located on US-2 a mile east of Manistique city limits, has been partially open for several weeks but formal grand opening was deferred until all equipment was received and installed.

The Surf overlooks Lake Michigan across US-2 and is constructed of wood with a partial brick front. The main building measures 90 by 30 feet, with a rear kitchen 27 by 37 feet.

East wing of the main structure houses a 30 by 30 foot dining room, and a grill the same size is located in the west end. Between the two dining spaces are located restrooms, a connecting corridor and a private dining room which may eventually be converted into a taproom.

The kitchen, with service openings to both dining room and grill, is provided with new stainless steel equipment, dishwasher and drier, new cooking facilities, and a large cooler equipped with a deep-freeze unit.

The dining room is floored with a thick, light green carpet. Tile flooring has been installed in all other rooms. All ceilings are constructed of acoustic material.

The public dining room has three papered walls and one, on its west end, finished in emery wood. The three papered walls have oak panel wainscoting. The

private dining room also has papered walls but the grill room is painted green and peach. The three rooms have large picture windows overlooking the highway and lake.

Exterior of the main building is yellow, with exception of the brick portion, and the kitchen is painted gray.

Prior to starting construction Babladelis purchased a 400-acre tract along the highway east of Manistique. Ground preparation for the building was started the first part of May and the structure was completed by June 15.

Extensive parking facilities have been provided at the Surf, and the front area between the building and highway has been leveled and planted with grass seed.

Before launching his present enterprise, Babladelis was associated for many years with his brothers, Peter and Louis in the operation of the Liberty Cafe in Manistique.

**ENGAGED**—Mr. and Mrs. John Neadow, of Cooks, announce the engagement of their daughter, Mary Alice, to Donald Levine, son of Mr. and Mrs. Joseph Levine, of Ogemaw, Wis. The wedding is planned for Sept. 12 at St. Mary Magdalene Church in Cooks.

The Iroquois Indians virtually obliterated the Huron Indians in 1649-50, including in the slaughter some white missionaries who were living in Huron territory at the time.

### Western Pacific Fully Dieselized

SAN FRANCISCO (AP)—Western Pacific Railroad has achieved complete dieselization, except for occasional use of steam power in periods of peak traffic and in standby service. Diesels handle 99.4 per cent of freight traffic, 100 per cent of passenger train miles and 98.2 per cent of yard service locomotive hours.

### PORCUPINE HISTORY

WASHINGTON—Porcupines of the past "wrote" their own histories when they gnawed tree bark a century or more ago, says the National Geographic Society. By boring into the trees and counting the rings, scientists can tell when the gnawing was done and thus when and where porcupines were most numerous.

### Social

#### Golf and Bridge Club

The regular meeting of the Wednesday group of the Ladies Indian Lake Golf and Bridge Club was held Wednesday evening with a 6:30 dinner. Mrs. Earl H. LeBrasseur, Mrs. Jack Quick, Mrs. Ian McKilligan and Mrs. Douglas Harding were hostesses.

The golf prize was awarded to Mrs. Glen Pawley. The prizes in bridge were given to Mrs. Alvin Nelson, Mrs. Ian McKilligan and Miss Elsa Ekstrom. Mrs. Alice Groessen, of Flint, Mrs. Richard Baker and Mrs. Ernest Eckland were awarded guest prizes.

Mrs. Richard Baker, Mrs. John Mathews, Mrs. Arthur Saunders and Mrs. Gertrude Morrison will be hostesses for next week's meeting.

#### Bridal Shower

Miss Shirley Schnurer, daughter of Mr. and Mrs. Chris Schnur-

er, 619 Michigan Ave., was the honored guest at a bridal shower Wednesday evening at the Manistique Township Hall. The party arrangements were made by Mrs. Francis Weber, Miss Mary Eloise Weber and Miss Jean Schnurer.

During the evening cards were played. Decorations were a bridal party, colored umbrellas and bouquets of mixed flowers.

Lunch was served later after which Shirley opened her many gifts.

Miss Schnurer will become the

bride of Raymond Gardipee in August.

# Presenting . . . . MANISTIQUE'S NEWEST AND FINEST DINING ESTABLISHMENT **The SURF**

On US-2, 1 Mile East Of City Limits . . . Overlooking Lake Michigan

The Beautiful Dining Room

The Large, Modern Kitchen

## GRAND OPENING SUNDAY, JULY 26, 1953

Serving: Dining room, 12 noon to 1 a. m.; Grill, 6 a. m. to 1 a. m.

Everything was included in the construction of The Surf to make it a peer among dining places. The building was artistically designed on one of the most scenic sites in the U. P. . . the thickly carpeted dining room is quiet and beautiful . . . the kitchen is large, spotless and completely modern . . . the grill, with its attractive and comfortable booths, is one of the finest anywhere.

Our private dining room will be ready for service in a few days. With our large stock of fresh, quality foods, preserved in our large cooler and deep-freeze, we can serve private parties and meetings on short notice.

We invite the public to visit us Sunday . . . . and any or every day.

*The Finest of Meals and Lunches Served Always*

During our Grand Opening we are presenting roses to the ladies and cigars to the men.

**LITTLE BIGGER ALL STARS**—Members of the Escanaba Bigger League All Star team which will enter state tournament competition at Birmingham next week are pictured above. Players were selected from the six-team Little Bigger League which was formed here this year from the Pony League of last season. League members are AFL, Delta Hardware, Insurance Association, Elks, Kiwanis

and Paper Company. Front row, left to right: Mike Goymerac, Ray Warner, Dean Lewis, Clyde Robinson, Bill Bolm, Jack Carlson and Jim Brown. Back row: Don Trotter, Bob Olson, Robert Hansen, Bill Rinquette, John Vadnais, Bob Rodman, John Dulek, Elmer Bessonen and Art Petersen, manager. Bat boy in front is Craig Petersen. Absent are Dan Rousseau and co-manager Tippy Legault.

## In This Corner

With Ray Crandall

The Escanaba Softball Association took a huge swat at the mosquitoes at Memorial Field the other day. The Association had John Thorin spray the area thoroughly for about 20 minutes from his plane in an attempt to subdue the pesky insects. It seemed to help the situation quite a bit, players and fans reported.

Jack Adams, general manager, and Ted Lindsay, captain of the Detroit Red Wings, urged development of the junior hockey program to improve the sport and pave the way for more Americans in the National Hockey League when the two appeared here this week to speak to Escanaba Paper Co. employees. Both were emphatic in pointing out the necessity of a good junior hockey program for a good senior program.

The New York Yankees are the latest of the major league baseball teams to take an interest in the Upper Peninsula's diamond activities. The Yanks have signed Frank Rodman of Hermansville as their representative in this area. Rodman hopes to stage a Yankee trout camp in the Upper Peninsula similar to those held by the Cleveland Indians in Escanaba and the New York Giants in Kingsford.

## Cynosure Wins Green Bay Cruising Race, Cops On Final Leg

The sloop Cynosure IV, with six members of the Ed Douglass family of Appleton, Wis., serving as crew and skipper, won the final leg of the 16th annual Green Bay Cruising Race and took top point honors in the race.

Venturon, scratch boat which led in points up to yesterday, was forced to finish under power. Lucky Star, John Mitchell's Escanaba boat, finished 10 minutes behind Cynosure in the final leg of the race yesterday, from Menominee to Sturgeon Bay.

The final run was a spinnaker until the breeze became too brisk for the two boats. Cynosure's corrected time was 2 hours, 18 minutes. Lucky Star's was 2 hours, 28 minutes.

In the final point standings, Cynosure scored 10 3/4, Venturon 7 1/4.

Lucky Star 5, Chelsea May 3 and Halcyon O. Chelsea May and Halcyon did not sail the final two legs of the race.

For the Cynosure it was the third entry in the Green Bay Cruising Race which started from the Escanaba Yacht Club Harbor Monday morning.

The 39-foot sloop is sailed by Mr. and Mrs. Ed Douglass and their four sons, Ed Jr., Bruce, Bob and Dickie, ranging in age from seven to 15 years.

The senior Douglasses have raced for many years in Star Class boats, both in this area and on the West Coast. Their children have been sailing with them here for the past two years.

Both the Cynosure and Chelsea May will enter the Menominee-Marquette Hundred Mile Race which gets under way tomorrow.

## Exhibitions Sunday, Kipke Night Monday

A Sunday night doubleheader at Memorial Field will feature Ishpeming's No. 1 softball team against a pair of the top clubs in Escanaba.

On Monday night the Escanaba Softball Association will offer a Herb Kipke night, honoring the Michigan softball commissioner. No admission will be charged for the Monday night schedule which will pit the Merchants against

the Dells at 7:15 and Paper Mill against Harnischfeger at 8:45.

Holmgren Motors will provide the out-of-town opposition Sunday night. The Ishpeming team, with a season's record of 19 victories against five defeats, will meet Paper Mill at 7:15 and Harnischfeger at 8:45.

Holmgren's holds second place in the Marquette Class A league and hasn't lost a league start since June 16, when they were edged 2-1 by the classy CCI Engineers.

Veteran Marquette county softball stars make up the Holmgren team which boasts several extra heavy hitters.

Monday night's program is being offered free as an expression of appreciation to the softball fans who have supported league games and exhibitions this season, commissioner Paul Vardigan announced.

Kipke will be here in connection with his tour of the Upper Peninsula softball centers and will make his headquarters in Escanaba for several days. Kipke was largely instrumental in the selection of Escanaba as the site for the state men's Class A tournament finals.

He will help lay plans for the state tournament, to be held at Memorial Field, while here.

### Native Dancer Will Enter American Derby

CHICAGO (AP)—Native Dancer and 45 other 3-year-olds have been named for the \$100,000 added American Derby at Washington Park on Aug. 22.

### Games Sunday

Bark River at Wallace.  
Powers at Foster City.  
Carney at Perronville.  
Daggett at Hermansville.

With the Tri County League baseball race entering the home

stretch, the Bark River Barks are seeking to write league history by finishing the regular season with an unblemished record.

### Toledo Narrows Gap On Indianapolis

(By The Associated Press)  
The Toledo Sox, clicking for five double plays, trimmed Kansas City 5-2 Thursday night to move within six percentage points of the American Association leaders, Indianapolis.

Third-place Louisville handed the skidding Indians their 10th loss in 14 starts, 6-3.

Toledo—trailing the Tribe by 1 1/2 game and .564 to .570 in percentage—hammered nine hits. Its twin-killing on the paths offset an 11-hit barrage by the Blues.

Luis Marquez banged a two-run homer, Sam Jethroe cracked two triples and Paul Ramone added a three-bagger to the Sox collection.

Don Bessent pitched St. Paul to a 3-0 shutout of Columbus. Gene Fowler yielded 11 hits but hurled Charleston to a 4-1 decision over Minneapolis.

### Yesterday's Stars

Pitching—Hector (Skinny) Brown of the Boston Red Sox won his seventh straight and his 10th of the season with a four-hitter against Chicago 4-3.

Batting—Luke Easter, Cleveland Indians, hit a home run and a single, driving in two runs, in the Indians' 10-2 rout of the New York Yankees.

### Softball

Oldtimer League games at Memorial Field tonight will match Delta Frame against St. Thomas at 7 and Claimants against St. Joe Boosters at 8:30.

## Paper Mill Shuts Out Merchants By 4 To 0

Paper Mill rose up to hand the Merchants a 4-0 shutout last night in a feature American League softball clash at Memorial Field diamond.

Paul Larson scattered seven hits from the Paper Mill mound to notch the victory. Louie Kositzke tossed six-hit ball for the Merchants. Paper Mill clinched the victory with three runs in the fifth

## Rogovin Drags Down White Sox

By TOM BRANAGAN  
CHICAGO (AP)—If any one man has been a dragging anchor in the Chicago White Sox pursuit of the New York Yankees, it's pitcher Saul Rogovin.

Thursday, with the Yankees bowing at Cleveland and the White Sox trailing in second by only four and a half games, Rogovin suffered his 12th setback against five victories in a 4-3 loss to the Boston Red Sox.

The Sox desperately need another winning pitcher to go along with Billy Pierce (11-6), Virgil Trucks (12-4) and rookie Mike Fornieles (7-3).

That's why Rogovin's failure to come through has, in the Chicago view, been so disappointing. He was an 11-game winner and league earned-run leader (2.47) in 1951. He won 14 in 1952. This year the 30-year-old righthander in 107 2-3 innings has allowed 66 earned runs.

"He's got more potential stuff than all the rest of us," said another Sox pitcher recently. "Nobody throws a better fast ball yet Saul just gets out there and heaves junk. Everybody's madder than hell."

Rogovin himself says: "I have to throw a certain amount of 'junk' in order to make my other stuff (a truly sizzling fast ball and adequate curve) work for me."

### PLAY AT MARINETTE

The Escanaba Merchants will travel to Marinette Saturday for a return meeting with the Dodge Inn softball team of the Twin City League. Players will leave from Skippy's Bar at 7 p.m.

## 32 Entries In U.P. Women's Golf Tourney, Deadline Is Saturday

With entry deadline tomorrow, the Upper Michigan Women's Golf Association tournament at Highland Club already has 32 entries filed with tournament chairman Gladys Hansen.

The host Highland Club will place 21 golfers in the tournament which gets under way Monday morning with breakfast and registration at 9. Women will begin qualifying rounds Monday at 10 a.m. All other matches in

the tourney, which lasts through Thursday, will begin at 9:30.

When final entries are counted, a field of more than 50 is expected to tee off in the annual tournament.

It was learned here yesterday that defending champion Millie

### CADDIES WANTED

Any boys interested in serving as caddies for the U. P. Women's golf tournament at Highland Club, starting Monday, are urged to be on hand at the clubhouse next week. The tournament will run from Monday through Thursday with a field of over 50 players expected.

### Marines To Release Williams By Aug. 1

WASHINGTON (AP)—Ted Williams will be released by the Marine Corps about Aug. 1 and, conceivably, get back into the Boston Red Sox outfield before the end of the season.

"Whatever the Red Sox say, I'll do," Williams told the Boston Post.

Williams is undergoing observation and treatment at the nearby Bethesda, Md. Naval Hospital for an ear ailment which forced him to be grounded as a jet pilot in Korea. He returned to his country July 9.

Marine Corps headquarters said Thursday he had applied for re-leave from active duty, and that it was the policy to release reserve officers returning from overseas duty if they have less than three months to serve in their tours. Williams' normal two-year tour is up Oct. 1.

## Stars Of '52 Hand 9 To 2 Lesson To Little Leaguers

The Escanaba Little League graduates returned to their old diamond last night to hand the current Little Leaguers a 9-2 lesson before a large crowd.

Led by Bob Lancour who clubbed a homer and a double, the older boys hit the ball hard and

took advantage of several Little Leaguer miscues in the field. Meanwhile Bob Anderson and Bob Stropich combined their pitching talents to limit the current Little Leaguers to a pair of safeties.

Gene Seguin went six innings for the Little League team and scattered seven hits. Jim Bourdeau hurled the final inning in which he struck out three batters.

Seven errors kept the Little Leaguers in hot water throughout the game.

Next practice for the Little Leaguers will be Saturday morning at 9:30 with Al Ness in charge. Saturday evening they will take on the Menominee Little League team.

## Brooklyn Beer Hurts Braves?

WASHINGTON (AP)—A congressional argument over the National League pennant race has produced a hint that Brooklyn beer may be responsible for the slump of the Milwaukee Braves.

Rep. O'Konski (R-Wis.), an ardent Braves rooster, says "there is grave suspicion" that a strike in Milwaukee Breweries "might have been instigated" by other National League cities, particularly Brooklyn.

Brooklyn has held the league lead since June 28 when Milwaukee dropped to second after the two clubs saw-sawed in the top spot.

So long as Milwaukee's famous beer was available to "put new life into the Milwaukee Braves," O'Konski said in a statement in the Congressional Record, "the Braves were doing fine."

But along came a strike that has closed all Milwaukee breweries for the past six weeks, O'Konski said, and "there has been a very serious drought" in Milwaukee.

He said the Braves had "to use these cheap imitations" imported from other National League cities, and "they went into a slight slump."

O'Konski is certain the Braves will regain the lead when the strike ends and they can fortify themselves with Milwaukee beer.

### Detroit Lions Open Pro Grid Training

YPSILANTI (AP)—All but one of the Detroit Lions were in camp today as the National Football League champions opened training for their game with the College All-Stars at Chicago three weeks hence.

Quarterback Jim Hardy was the absentee, but wasn't being counted a holdout. Officials said he was in Los Angeles cleaning up personal business.

The Lions signed eight, including their star ends, Leon Hart and Cloyce Box, Thursday. A surprise arrival was Gene Gedman, star fullback from Indiana University. The Lions, from newspaper reports, thought he had signed to play in a Canadian league.

### FASTEST TIME

GOTEBORG, Sweden (AP)—Wes Santee, University of Kansas middle distance runner, turned in the fastest 1500 meters ever run by an American when he was clocked Thursday in three minutes, 44.2 seconds. He just managed to edge Sweden's Sune Karlsson.

## Browns Waive Out Holloman

ST. LOUIS (AP)—Bobo Holloman was hailed as a man with a future two and a half months ago.

The big 27-year-old righthander hurled no-hit ball against the Philadelphia Athletics here May 6 in his major league debut with the St. Louis Browns.

Today Holloman is on the records of the International League Toronto club, passed by all the major league clubs as the Browns sought waivers for the sale.

"I'm not going to report," Holloman said after the announcement Thursday night. "I'll quit baseball rather than go back to the minors."

Manager Marty Marion expressed no concern. Sports writers with the club said they had heard the pitcher hadn't been following training rules too closely.

Bobo doesn't know what happened after his auspicious start. He won two more games after the no-hitter but lost seven. Altogether he took part in 22 games, 10 of them as a starter. In 65 2-3 innings he walked 50 batters, allowed 69 hits and 41 runs.

# Braves Invade Brooklyn In Crucial Four-Game Series

**By THE ASSOCIATED PRESS**

Milwaukee opens a 4-game series in the home of the Brooklyn Dodgers tonight. This is another of those "do or die" clashes that keep popping up all season.

The Dodgers feel they've got the Braves on the ropes by now with a 5½ game lead and the season nearly two-thirds gone.

A 4-game Brooklyn sweep would pretty well write an unhappy ending to the brewery center's National League title hopes.

The Braves, however, may be just the team to cool off the Dodgers who have won 10 of their last 11. Milwaukee has won three of five games in Brooklyn so far.

**Both Rained Out**

Both Brooklyn and the Braves were rained out Thursday. The Dodgers were supposed to play Chicago and Milwaukee was scheduled at Philadelphia. The rain also cut short the St. Louis Cardinals' series with the New York Giants. Cincinnati beat Pittsburgh 7-0 in the only National League game played.

The big noise in the American League was the collapse of the New York Yankees in Cleveland for the third straight game. This time the World Champions looked like real country bumpkins as they were swamped, 10-2.

The Chicago White Sox muffed their chance to close in on the Yankees when they bowed to Boston, 4-3. The White Sox trail by 4½ games.

**Four-Game Streak**

Detroit ran a winning streak to four games by taking a pair from Washington 9-6 in 10 innings and 5-4. The victories moved the Tigers within half a game of the seventh place St. Louis Browns who lost to Philadelphia, 7-4, in 14 innings.

The Yankees tried a couple of their young pitchers against Cleveland and the Indians battered them for 14 hits and 10 runs in the first six innings. Tom Gorman made his first start and lasted into the fifth inning. Art Schallack toiled

two and gave up five runs, four of them unearned.

Home runs figured strongly in the Cleveland victory. George Strickland hit one with two on and Al Rosen with the bases empty in the fifth. Luke Easter opened the scoring with one in the second.

**Brown Hurls Win**

At Chicago, Hector (Skinny) Brown defeated his former White Sox teammates with a 4-hitter for his seventh straight victory. He gave up two runs without a hit in the second inning when he walked three men. He then pitched hitless ball from the fourth until Jim Rivera hit a home run in the ninth.

Ray Boone hit a 3-run homer in the 10th inning for the Tigers' first game victory over Washington.

## Newhouser Would Like To Stay With Tigers

**By THE ASSOCIATED PRESS**

DETROIT (P) — Hal Newhouser would like to stay in baseball, preferably with the Detroit Tigers, but the Tigers just don't have a job for him now.

"At the moment, I don't see where we can place him," said General Manager Charley Gehringer today. "Maybe, in the winter time, if we have some openings in our organization, we can find a spot for him. But there's nothing now."

Newhouser, who was given his unconditional release by the Tigers on Wednesday, said he'd like to stay in uniform, such as being a coach.

Other than the approximately \$500,000 Newhouser made in his 15 years with the Tigers, he made little, if any money from other sources. His earnings, however, were sufficient enough to permit him to purchase a home in nearby Franklin Hills, said by some to cost more than \$75,000.

**U. S. Davis Cuppers Full Of Confidence**

KINGSTON, Jamaica (P) — Brimming confidence, United States Davis Cup Captain Gardnar Mulloy today predicted Uncle Sam has a better than even chance to bring the mug home this year.

His team leads the British West Indies 2-0 and needs only one more victory to clinch the second round North American Zone honors.

Mulloy won his first singles against the British West Indies No. 1 player, Ian McDonald, 6-1, 6-3, 6-0 Thursday and Bernard Barten of San Angelo, Tex., took the other singles from Ron Cooper, 6-1, 6-2, 6-2.

Today, Mulloy teamed with Bob Perry of Los Angeles in the doubles against McDonald and Edward Aris.

**Rare Twin Win**

In the nightcap, the Tigers squeezed through on a two-run single by Jerry Priddy in the fifth inning and solo home runs by Bob Nieman and Jim Delsing.

It was the Tigers' first double-header sweep at home since June 10, 1951.

**Pitchers Are Ready**

Then, too, Tiger skipper Fred Hutchinson has four pretty fair hurlers ready for the Yankees: Billy Hoelt tonight, Ralph Branca Saturday, and Steve Gromek and Ned Garver in Sunday's twin bill.

Casey Stengel's Yankees, who dropped three straight games in Cleveland, will counter tonight with Jim McDonald.

The biggest difference the Yankees will find in the Tigers since their last visit to Briggs Stadium will be at third base, where Ray Boone has been turning in a job that has bordered on the sensational.

Boone, who wasn't good enough for Cleveland as a shortstop, rammed a three-run homer in the 10th inning of Thursday's first game to give Detroit its victory. It was his fourth homer in four games and gave him 13 for the season — topping his own personal record.

**Rare Twin Win**

In the nightcap, the Tigers squeezed through on a two-run single by Jerry Priddy in the fifth inning and solo home runs by Bob Nieman and Jim Delsing.

It was the Tigers' first double-header sweep at home since June 10, 1951.

ton. Home runs by Jim Delsing and Bob Nieman, and a timely 2-run single by Jerry Priddy helped Ted Gray win his fifth game in the nightcap.

The Athletics solved Satch Paige's relief efforts for four hits and three runs in the 14th to win their marathon at St. Louis. Eddie Robinson brought home two of the tallies with a triple.

Southern Methodist and Duke, who met for the first time in football at Dallas in 1952, will resume relations in 1956.

# Tigers Cop Twin Bill From Nats, Yanks Next

**By THE ASSOCIATED PRESS**

DETROIT (P) — The World Champion New York Yankees, looking for a few victories to cushion their wobbly league lead, move into town tonight—and find a red-hot Detroit Tiger team ready and waiting for them.

The Yankees not only have seen their once-mighty lead chopped to 4½ games, but they're fully conscious of the fact that at this time last year the Tigers almost knocked them out of the pennant race. That's when the tailenders rose to rather majestic heights by taking four out of five games from the proud New Yorkers.

Furthermore, the Tigers are playing their best ball of the season at this moment. Following Thursday's 9-6, 6-5 sweep over Washington, they had run their modest winning streak to four straight games.

**Pitchers Are Ready**

Then, too, Tiger skipper Fred Hutchinson has four pretty fair hurlers ready for the Yankees: Billy Hoelt tonight, Ralph Branca Saturday, and Steve Gromek and Ned Garver in Sunday's twin bill.

Casey Stengel's Yankees, who dropped three straight games in Cleveland, will counter tonight with Jim McDonald.

## Centerfield Bullpen Is Closed By Tigers

DETROIT (P) — If you're an American League pitcher, you won't have that long walk from the bullpen in centerfield in Briggs Stadium anymore.

The Tigers Thursday closed down the centerfield bullpen, where opposing pitchers used to warm up side by side—a condition which existed nowhere else in the American League.

Now the relief hurlers will warm up down the right and left field foul lines.

Southern Methodist and Duke, who met for the first time in football at Dallas in 1952, will resume relations in 1956.

Tom Bolger  
Manager

## Cement Ordered For Paving Jobs

Seven carloads of cement have been ordered by the City of Gladstone and with its arrival the concreting of several sections of local thoroughfares will get under way.

Thirteenth street from Wisconsin avenue to Superior avenue is one of the projects while Michigan avenue, 14th to 17th St., is the other.

Concreting of 13th will mark completion of pavement the entire length of this greatly used thoroughfare.

City crews are putting in curbing on Montana, 11th to 13th, and the excavation on this avenue has been continued to 10th. A gravel base is to be laid at the proper grade and after a year's traffic packing blacktop will be laid on top of it. Laying of the base is expected to be completed by the last of this week, City Manager H. J. Henrikson states.

Bids for construction of sidewalk on 13th St., will be considered at Monday night's commission meeting. A month or more ago property owners were notified that the city commission believed construction of sidewalk on 13th desirable.

Already more than half of the desired walk has been put in, has been started or is contracted for. Now bids are sought and in instances where no action has been taken in connection with the walk, the city will have construction made and the cost placed against the respective property as a special assessment project.

## City Briefs

Mr. and Mrs. Kenneth Fitzpatrick and daughter Patricia have returned to their home in Lincoln Park, Mich., following a visit at the home of Mr. and Mrs. Charles Erfourth. They attended the wedding on Saturday of Miss Ruth Erfourth and William Garland. Mr. Fitzpatrick is a nephew of Mrs. Erfourth.

Mr. and Mrs. Leonard Stangel and daughters Sheila and Ann Marie and Mrs. Frank Wallo, Two Rivers, Wis., were visitors this past week at the Elmer Beaudry, James Damitz and James Peterson homes.

Mr. and Mrs. Gene Dayton and daughter Kathy and Mrs. Forest Miller, Flint, are visiting at the home of Milton Damitz.

Mr. and Mrs. Louis Schnese, Jr., daughter Patty and son Ricky have returned to their home in Shawano, Wis., following a vacation visit with his parents, the Senior Louis Schneses. Their daughter Barbara is remaining with her grandparents for a longer visit.

Miss Betty Ohman, Chicago, is visiting with her brother-in-law and sister, Mr. and Mrs. Torval Kallerson and other relatives.

Mrs. Joe Walters and granddaughter Sharon Spahn arrived Thursday night from Milwaukee to visit with Mr. and Mrs. Louis Schnese, brother-in-law and sister of Mrs. Walters.

## Britain's Tourist Trade Expanding

LONDON (P) — Britain's tourist trade got off to a flying start in the first three months of this year. A record number of 96,000 tourists, including 16,000 from the United States, came to brave the cold and fogs of a British winter, a current survey shows.

The government — supported Travel And Holidays Association estimates that a quarter of a million Americans will be among 800,000 foreign visitors expected here during a coronation year.

## Red China Trains Industrial Workers

SAN FRANCISCO (P) — Peiping radio says there are more than 110,000 students enrolled in technical schools to become specialized technicians, particularly in heavy industry, to meet the needs of Red China's five year plan.

The broadcast, heard here by The Associated Press, said the government was giving ever more and more attention to such schools.

## Korea Is Subject Of Baptist Special Meet

Tonight at 7:30 at the First Baptist Church there will be a special meeting on Korea. Two young men who have been in Korea will tell of their experiences. One, Kenneth Rood, was there with the U. S. Navy in the transfer of war prisoners following the last war. Clifford Anderson served with the United Nations Forces as a machine gunner on the front lines. He has just recently returned.

The moving picture "Korea", will be shown. It is a sound and color film which will show clearly the havoc and misery existing in that country. Rev. K. J. Samuelson invites everyone to attend.

## New Contract Asked By Union

Employees of Buckeye Local No. 9 have extended to August 1 the deadline for negotiating a new contract with the Northwestern Veneer and Plywood Corporation. This action was taken at a meeting of the local Wednesday evening.

A ten-day notice of intent to strike was served on the firm by the local on July 13 but at the meeting on the 22nd the employees voted to extend the deadline.

They also voted 229 to 56 or more than 4 to 1 to strike if necessary to help enforce their demands.

Increased wages and maintenance of contract provisions are demanded by the employees. No specific wage increase has been asked for the men by the union.

A corporation offer of six cents an hour increase with the men assuming a portion of the cost of the Blue Cross insurance premiums or of four cents per hour with the corporation continuing to pay the entire cost of the insurance has been declined by the employees, it was stated.

## Father Of Former Resident Is Killed

Joseph Grimord, Alpha, Mich., was killed and Mrs. Grimord seriously injured in a head-on auto collision Tuesday night, according to word received by the Fred Sieberts from Mrs. Robert Becker, Iron Mountain, daughter of the Grimords.

Mrs. Grimord was hospitalized after the accident.

The Beckers are well known in Gladstone, Mr. Becker having managed the A & P store here years ago and the Grimords are known to many having visited in Gladstone on a number of occasions.

**DO DROP IN**

SPRINGFIELD, Vt. (P) — A man arraigned for intoxication was asked by Judge Kenneth Robinson where he lived. The man replied: "I make my home wherever I happen to be, your honor." Then he added, "And you'll most always find me at home."

## North Manitou's Peace Disturbed

NORTH MANITOU ISLAND (AP)—Skeletons, lightning bolts, 900 cherry eating deer, and 12 people—that's what it's like on this 16,000-acre island in Lake Michigan near Traverse City.

Last year lightning set off a fire that almost burned up everything above ground. The 12 permanent residents barely escaped alive.

Three weeks ago another bolt fired a lodge, destroying it and a new deep freeze unit aimed at making life easy for the humans.

And the deer make island life a little less than peaceful. They are stripping the island of its famous cherry orchards.

They are so hungry that state officials figure it would cost \$6 a day, or \$2,000,000 a year, to feed them artificially.

Just to keep things from getting dull, a high wind came last week and unearthed a skeleton from a lonely, unidentified beach grave.

**NATURE'S OFF THE BEAM**—Too many legs, too few eyes—A three-legged goose, left, has his spare "paddle" shown by Mrs. Dean Stahmann, Jr., of Las Cruces, N. M. The Stahmanns are raising their share of some 200,000 "double duty" birds which are first used as hoe hands in weeding cotton fields, and then

sold to housewives. Look carefully at the little kitten, right, cuddling up to its mother in Palermo, Italy. It's a modern-day "Cyclops," a feline version of the Greek one-eyed man. Named "Polyphemus," its one eye is in the center of its forehead.

## Department Store Offers Free Coffee

EVERGREEN PARK, Ill. (AP)—Here's a store that gives the customer a break—a coffee break, that is.

The branch of the Chicago Loop Fair Store takes out each Friday morning to be neighborly with shoppers. For one hour customers knock off shopping and have coffee and refreshments on the house.

While they rest their feet and enjoy a snack, the store stages a fashion show, has a critic give an oral book review or presents beauty hints.

Pall Mall, London's famed ceremonial route, gets its name from the ancient game of Paille Maille, a variation of croquet and a favorite pastime of King Charles I and his court.

## Babies' Names Prove Weather Forecasters

ST. CHARLES, Mo. (AP)—Babies must be pretty good weather forecasters. At least they're beginning to think so at St. Joseph's Hospital.

A cool spell came early this month after the arrival of baby Frost. Warm days followed baby Sommer. Then baby Wetter and Showers arrived a few days later.

Three inches of rain flooded the streets at almost the same time—and then baby Flood arrived.

## Congressional Quiz

By Congressional Quarterly  
1. Q—How many Members of Congress are veterans of the armed forces?

A—Three hundred and nine—64 in the Senate and 245 in the House.

2. Q—How much did the big veterans groups spend on lobbying during 1952?

A—The American Legion evidently was the biggest spender. Its financial report filed under the Federal Regulation of Lobbying Act listed expenditures of \$106,235, much of which was for legislative purposes. The Disabled American Veterans reported legislative spending of \$20,964. While not reporting under the lobby law, the American Veterans of World War II (Amvets) unofficially listed expenditures of about \$5,000. The Veterans of Foreign Wars, also unofficially, reported spending \$19,500 for its Washington office, and said part of this was for legislative purposes.

3. Q—How much has the U. S. spent for foreign aid since 1940?

A—U. S. foreign aid from 1940 through 1952 totaled \$90.3 billion, \$41 billion of it since the end of World War II. Net expenditures, however, total \$78.6 billion because \$11.7 billion has been paid back to the U. S.

4. Q—Has the greater part of U. S. postwar foreign aid been economic or military?

A—Economic, by a ratio of \$35 billion to \$6 billion through 1952. The emphasis recently has shifted, however. In 1952, military aid exceeded economic assistance for the first time since the end of World War II.

Q—How deep in the hole has the Post Office Department been going?

A—The latest firm figures available, for fiscal 1952, show the deficit was about \$727 million. The Senate Appropriations Committee estimates that the fiscal 1953 deficit will prove to be about \$642 million. Postmaster General Arthur E. Summerfield June 25 predicted the deficit for fiscal 1954 would be about \$594 million. He has asked for rate increases to bring in \$241 million annually.

and has put into effect other measures for reducing the deficit.

6. Q—I notice the Federal Reserve Board has made about \$6 billion more bank credit available. How?

A—The Board reduced the reserve requirements of banks within the Federal Reserve System. A member bank must deposit reserves equal to a certain percentage of its deposits. When the percentage is reduced, as it was by the June 24 Board order, the reserves released may "nourish" more loans.

7. Q—If ex-President Truman runs for Congress and is elected, would he be the first former Chief Executive to serve in Congress?

A—No. John Quincy Adams, after leaving the White House, was a Representative from Massachusetts for nearly 17 years. Andrew Johnson was elected Senator from Tennessee in 1875, but served less than a month during a special session. He died before the regular session convened. Both Adams and Johnson were Senators before moving to the White House.

8. Q—What proportion of corporations pay excess-profits taxes?

A—For 1950, the latest year for which complete figures are available, 50,200 corporations paid EPT—or less than 12 per cent of the 424,000 with taxable income. (The 1950 taxes were paid in 1951.) Secretary of Treasury George M. Humphrey said said preliminary figures on taxes for 1951 showed a smaller percentage of corporations.

tions paid an EPT in that year than in 1950.

Q—What is the value ceiling on duty-free mail-order imports?

A—One dollar. The Administration has suggested raising the ceiling to \$3, but a House committee studying a customs simplification bill rejected the proposal after witnesses had warned of competition from foreign mail-order companies.

10. Q—Can members of Congress be impeached?

A—No. The Constitution provides for impeachment of the President, Vice President, and "civil officers"; Senators and Representatives are not considered officers. They may, however, be expelled by a two-thirds vote in the House where they sit, or excluded (denied a seat upon election) by a majority.

## KILLING IS TABOO

The Jains, a religious sect in the East, have a strict rule not to kill. This extends to all living things, including vermin, according to the Encyclopedia Britannica.
